Black Mountain Sewer: Docket Control No. SW-02361A-08-0609

RECEIVED

Petition to the Arizona Corporation Commission to:

"De-Commission and Remove the Antiquated and Mal-Functioning

2009 NOV 16 P

Black Mountain Sewer Processing Plant in the Boulders"

AZ CORP COM  
DOCKET CONTROL

I hereby support this Petition for the reasons identified below. I recognize the value of de-commissioning this Sewer Processing Plant and believe that the modest cost involved in accomplishing this now would be a wise investment for the future.

- Strong and nauseating odors, offensive to both adjacent and near-by residents and Boulders Resort guests
- Health concerns from chemicals required to be inserted to mitigate odors
- Loud noises
- Frequent repair and pumper trucks
- Decreased home and property values
- It would be more efficient to de-commission the Processing Plant now, rather than continue to waste more funds each year in costly repairs and then de-commission the Processing Plant at a later date

Arizona Corporation Commission
