**Subject:** water rate increase

As a retired senior on a fixed income, I would like to know where the extra money will come from to pay for all the increases that we are being notified of now for the new year? Medicare is increasing, supplemental is increasing, water is increasing and interest rates have fallen to almost nothing. BUT MY SOCIAL SECURITY DID NOT INCREASE FOR 2009 AND WILL NOT INCREASE FOR 2010. WHO WILL HELP ME????????? Savings go only so far. Will you send me a monthly check????? AZ American Water can tighten their belts for a few years. They are not going to be in financial distress. Look at their Balance Sheet and remove all the "bull" !!!!
