## **CUSTOMER NOTIFICATION**

Little Park Water Company has applied to the Arizona Corporation Commission for an adjustment in rates. The current rates have been in effect since January 1991. An increase in rates is necessary at this time due to significant plant investment by the Company since the last rate increase which took place nearly 19 years ago. Notably, the installation of arsenic treatment facilities totaling over \$260,000 and the ongoing cost of operating these treatment facilities, will have a significant impact on operating expenses in the future.

Based on the Company's un-audited Test Year results, Little Park Water Company realized an operating loss of \$26,500. The Company is requesting a revenue increase of \$47,460 or 62.84% of total revenues. Please see the attached pages 9 and 11 of the Company's application for the current and proposed rates.

The Application is available for inspection during regular business hours at the offices of the Commission in Phoenix at 1200 West Washington Street or online at <http://edocket.azcc.gov/edocket> and at Little Park Water Company, 45 Castle Rock Road, Suite 4, Sedona, AZ 86351. Please be advised that the rates and charges ultimately approved by the Commission may be higher or lower than the rates and charges requested in the Application.

Customer input is an important part of the Commission's analysis of the requested adjustment and is a factor in determining whether a hearing will be conducted. Customers should bring to the Commission's attention any questions or concerns related to the Company's Application including service, billing procedures or other factors important in determining the reasonableness of charges.

Customers may have the right to intervene in this matter. Customers wishing to communicate with the Commission, or request information on intervention in the proceeding, should contact the Commission's Consumer Services Section at 800-222-7000 (if located outside the Phoenix local calling area) or 602-542-4251 in the Phoenix local calling area. Customers may also contact the Tucson Commission office by calling 800-535-0148 (if located outside the Tucson local calling area) or 520-628-6555 in the Tucson local calling area.

Customers are advised that the Commission may act upon the Application without a hearing. Regardless of whether a formal hearing is held, customer comments submitted in writing will be placed in the office file, which the Commission reviews prior to making its final decision on the Application. It is important that customers contact the Commission within 15 days of the receipt of this notice so that the Commission's Staff can consider customer comments and concerns in developing its recommendations to the Commission.
