Please Reinstate the 1000 Foot Free Rule

RECEIVED

2009 DEC -8 P 2:01

Dear Corporation Commission Member,

AZ CORP COMMISSION
DOCKET CONTROL

Please reinstate the 1000 Foot Free Rule for utility lines. We own property in Dewey, and are in the process of building a home there. It is going to be unbelievably expensive to run electricity to the lot! It may actually end up costing much more than the land itself. Once we do make that investment, our future neighbors will have it much easier, but at our huge expense! It's not fair.

Sincerely,
Greta Heidner & Russell Greene
3929 E. Via Estrella
