Re: Liberty Water's Rate Increase Dear Commission:

My wife and I neither one support this ridiculous rate increase request, and are going on written record of opposing it.

They continue to have a monthly charge for a water meter on a house that is over 8 years old, and then ask for a 100 percent rate increase? Their rates are high enough the way they are.

As a Commission, you should turn down their request and make them go back and look at the unnecessary expenses they have. They will find the money they need there.

Sincerely,
William B. Stough
