ARIZONA POWER PLANT AND TRANSMISSION
LINE SITING COMMITTEE

Case No. 151

MOTION TO INTERVENE

BY: DENISE HERRING-BENSUSAN
(DENISE BENSUSAN)
Arizona Corporation Commission

DOCKETED

DEC 22 2009

DOCKETED BY [Signature]

RECEIVED
2009 DEC 22 1 A 9:30
AZ CORP COMMISSION
DOCKET CONTROL

I am a concerned local homeowner and one of the closest water users to proposed project. My personal water source and my neighbors' will be directly affected. I have lived in this area and have utilized my private well for 9 years.

I have extensive experience in our local water conservation and preservation planning efforts. I am currently the Chairman of the Northwest Arizona Watershed Council and have been affiliated with group for 9 years. I respectfully request to be a party in this matter.

THE FOLLOWING IS A LIST OF SERIOUS ISSUES AND CONCERNS (BUT NOT LIMITED TO THE SAME) THAT CAN ADVERSLY AFFECT OUR LOCAL COMMUNITY.

- 1) The long term negative and permanent impact on the Hualapai Aquifer which is in overdraft/depletion.
- 2) The proposed applicant has refused to use the best available current technology, in water conservation and

- 1 preservation. Dry cooling is recommended by the United
2 states Department of Energy per the United States Congress.
3 3) Long range policies established by the state of Arizona in
4 Smart Growth Practices are not being addressed.
5 4) Mohave Counties General Plan vilifies Smart Growth
6 Practices. Policy 3.5 states that "Mohave County will only
7 approve power plants using "dry cooling" technology when
8 the aquifer is threatened by depletion or sustenance."
9 5) The Arizona Corporation Commission by laws requires them to
10 follow the community's "master plan".
11 6) Impact on wildlife within Red Lake and surrounding areas.
12 7) Flood control and drainage pattern issues.

13
14
15 This filing has been mailed to all parties in the Service List
16 below.

17
18 Respectfully Submitted on this 15th day of December 2009
