RENEWABLE ENERGY STANDARD TARIFF

Background

On November 14, 2006, the Arizona Corporation Commission (“Commission”) issued Decision No. 69127 that contained a Renewable Energy Standard (“RES”) which set forth annual renewable energy requirements for all affected electric utilities in the State of Arizona as well as a requirement that each affected electric utility file with the Commission for approval a RES Tariff to fund such renewable energy requirements.

Availability

In the Cooperative’s Certificated Area where its facilities are of adequate capacity and the required phase and suitable voltage are in existence and are adjacent to the premises served.

Application

On all bills for all governmental and agricultural members/customers with multiple meters, a Renewable Energy Standard Surcharge mandated by the Arizona Corporation Commission (“Commission”) will be assessed monthly at the lesser of the per kilowatt-hour of retail electricity purchased by the consumer, or the maximum, both as stated below. In the case of unmetered services, Trico Electric Cooperative, Inc. (“Cooperative”) shall, for purposes of billing the RES Surcharge and subject to the maximum assessment set forth herein, use the lesser of (i) the load profile or otherwise estimated kWh required to provide the service in question; or (ii) the service’s contract kWh.

Monthly Rate

Customer	kWh	Maximum
Governmental and Agricultural	\$.001663	\$24.70
Governmental and Agricultural whose metered demand is 3,000 kW or more for 3 consecutive months	\$.001663	\$74.10

Application

On all bills in all other tariff service categories than those listed above, an RES Surcharge mandated by the Commission will be assessed monthly at the lesser of the per kilowatt-hour of retail electricity purchased by the consumer, or the maximum stated below.

In the case of unmetered services, the Cooperative shall, for purposes of billing the RES Surcharge and subject to the maximum assessment set forth herein, use the lesser of (i) the load profile or otherwise estimated kWh required to provide the service in question; or (ii) the service's contract kWh.

Monthly Rate

Customer	kWh	Maximum
Residential	\$.009477	\$2.00
Non-Residential	\$.009477	\$74.10
Non-Residential whose metered demand is 3,000 kW or more for 3 consecutive months	\$.009477	\$222.30

The Cooperative shall allow customers the option to assign the incentive payments to be made by the Cooperative to the customers to the installer of the renewable energy facilities, if the customers so choose. The RES Surcharge is in addition to all other rates and charges applicable to service to the member/customer.
