**Nature of Complaint:**

\*\*\*\*\* E-01461A-09-0450 \*\*\*\*\*

Customer sent the following -

We have installed a thirty panel solar array in the past year. We feel that the equitable reset date for a net metering program would be October 31st. This would fall in line with Tucson Electric's program. This has been our part in producing green energy, knowing that we will never recoup the cost of the installation in our remaining years. We feel that to accept a reset date of March or April would be an ongoing loss at our expense.

Thank you for your consideration in this matter.
