Customer sent the following -

I wish to support the City Manager of Litchfield Park in his effort to provide his assist ance in finding a suitable facility for a public comment session for those in the Litchfield Park Service are (LPSCo). Although I have a Glendale address LPSCo provides wastewater service for this twenty eight home community. Our water service is provided by West Valley Utilities which just recently notified us of another rate increase (\$13.00 per month) for an arsenic filtration system. This increase is in place forever, to say nothing of more increases from APS, Southwest Gas and SRP.

We hope that the Commission will follow through with their consideration of an additional public comment session so that LPSCo can the message "Loud and Clear" that the community cannot stand to bear such increases of 121% for water and 80% in waste water rates.
