Honorable Kristin Mayes

I am 85 now and am too disabled to attend any meeting. You may recall me as U.S. Attorney for Colorado 1969-1977. I was here when the Sun City Water Company was bought by Germans, who according to buyers, promised that on application the purchase price would, in effect, be refunded, by you. I suppose that has happened but it now likes the added income doled out by your Board annually and in addition to what was given each time. For the current year Social Security was not increased because costs have not risen. That will happen next year too. These guys are insatiable. Shut them out and tell them you will reconsider when Social Security goes up. Jim Treece, 12651 N. Pebble Beach, Sun City 85351 jltreece@juno.com (623) 933 8466

Subject: Water Price hikes

Dear Commissioner:

Utility name: Arizona-American Water Company, Inc.

Docket Numbers: W-01303A-09-0343 and SW-01303A-09-0343

RE: Rate consolidation and increases.

Please do not allow Arizona American Water to increase Sun City, Arizona's water rates and/or bundling. The rates were just increased and they are high enough.

Most Sun City residents are seniors and are living on fixed Social Security benefits. As I am sure you know there was no cost of living raises given to the senior on Social Security, yet the majority of the seniors are paying more this year for medical insurance and/or for prescriptions and other medical care.

With inflation running rampant a lot of seniors are losing their homes or having trouble paying their home expenses, food and rising gasoline prices.

Please do not bundle or raise our water prices again. We are struggling already.
