Nature of Complaint:

RE: Docket No. E-01461A-09-0450

I am requesting that the ACC establish an October reset date for the solar net metering program. The current requested reset date requested by Trico is very much in favor of the utility and does not permit the consumer to take full advantage of excess energy generated in low usage periods. Using the reset date of October is the fairest way to help consumers take full advantage of their solar generation production.

Thank you for your attention to this important matter.
