My husband and I would like to take this opportunity to contribute our opinion against a rate increase for Liberty Water Customers. We understand the need for a rate increase, but perhaps not a 111 percent increase which may be difficult for many customers to pay, such as us, when we are already hurting financially just to make ends meet. A more reasonable increase should be considered by Liberty Water.

We thank you for your time and consideration in this matter. Please feel free to contact us should you have any questions or require any additional information.
