Dear Mr. Nitido,

On January 12, 2010, the ACC mandated a February 1, 2010 start date for net metering for Trico. It was not until January 26, 2010 that I received the form from you to sign up for net metering. I completed it and went to our post office to mail it back the same day.

On February 9, 2010 I received my February 1, 2010 bill and it did not include net metering as required by the ACC. I called Trico's billing department and was told that my metering would begin with my March 1, 2010 bill. Why is my net metering starting a month late? Are you going to give me credit on March 1, 2010 for the missing month? In my case, and probably others, it would probably be less costly for Trico to follow the ACC requirement than it would be to process a small rebate next year for the missing month.

Sincerely,

Ronald Hutcherson
