Honorable Members of the Arizona Corporation Commission

To Whom It May Concern:

I am writing to advocate for the efforts of Mohave Sun Power for the construction of the Hualapai Valley Solar facility north of Kingman.

The proposed project would bring much needed jobs to our community as well as a financial boost to our regional economy. This industry is a tremendous benefit to the sustainable energy needs of the community at large.

I would urge all involved to approve whatever processes necessary for this project to move forward.

Thank you for your consideration.

Sincerely,

Keith Walker
City Councilman
City of Kingman
