AZ CORP COMMISSION
DOCKET CONTROL

On March 4, 2010, T. K. Water Service ("Company") filed a Curtailment Tariff Schedule (W-01902A-10-0082) with the Arizona Corporation Commission ("ACC"). Staff has reviewed the Curtailment Tariff Schedule and recommends the following changes:

- Stage 4b. to read:
 - b. Company has identified issues such as a steadily declining water table, increased draw down threatening pump operations, or poor water production, creating a reasonable belief the Company will be unable to meet anticipated water demand on a sustained basis, or
- Under Stage 4 add c.
 - c. Well production, for whatever reason, has ceased.
- Stage 4 Notice Requirements No. 3 to read:
 - 3. Company shall notify the Consumer Services Section of the Utilities Division of the Corporation Commission at least 12 hours prior to entering Stage 4 for reasons a and b above. If Stage 4 is declared for reason c above, the Company may enter Stage 4 immediately and notify the Consumer Services Section of the Utilities Division within one hour of entering Stage 4.
- Correct the ADEQ Public Water System No. on Page 1 of the Tariff Schedule to 01-015.

Staff also recommends that the Company submit a revised Curtailment Tariff Schedule to Docket Control with the above changes within 15 days of the rate case Decision.
