Subject: Sewer Odor

xc

ORIGINAL

To the ACC commissioners and Far West Sewer and Water:

As we have complained on several occasions, the sewer odor from the County 14th plant, has been so bad the last several days, it will cause your eyes to burn and force you inside.

Our neighbors also were just telling us the odor has really been disturbing for them.

We find it difficult to understand why we have to continuously put up with sewer odor. This is not a 3rd world country and we shouldn't have to deal with this.

Once again Far West has demonstrated its inability to resolve the problem. Perhaps they don't care.

Please do something to help this neighborhood.
