MAYES PROPOSED AMENDMENT 4

TIME/DATE PREPARED: April 12, 2010

MAYES PROPOSED AMENDMENT #4

Page 4, line 25, INSERT New Finding of Fact: "The Commission is concerned that the APS Residential Solar Energy Incentives could be depleted before the end of 2010, thereby leaving hundreds of Arizonans without a solar energy option and potentially causing undesirable disruption to the solar industry. Therefore, we believe that it is reasonable to require APS to implement three tranches of funding for 2010, such that the first tranche would run from April 1 through July 1, the second tranche from July 2 through October 1, and the third tranche, if it becomes necessary, from October 1 through December 31. Because systems usually take three months to commission, we believe it is reasonable to allow APS the authority to initiate reservations in the third tranche for 2011 residential compliance, with notice that PV systems reserved after October 1 2010 and before January 1, 2011 will not be commissioned until January 1, 2011. We do not believe this will have a significant impact on the availability of funds in 2011 as the residential incentive will have been decreased to the \$2.15/watt level. "

Page 5, line 7, INSERT New Ordering Paragraph: "IT IS FURTHER ORDERED THAT APS shall develop and implement three tranches of funding for 2010, such that the first tranche would run from April 1 through July 1, the second tranche from July 2 through October 1, and the third tranche, if it becomes necessary, from October 1 through December 31."

Page 5, line 7 INSERT New Ordering Paragraph: "IT IS FURTHER ORDERED THAT if funds are exhausted after the second tranche, APS shall have the authority to initiate reservations in a third tranche for 2011 residential compliance, with notice that PV systems reserved after October 1, 2010 and before January 1, 2011 will not be commissioned until January 1, 2011."
