**MAYES PROPOSED AMENDMENT 2**

AZ CORP COMMISSION  
DOCKET CONTROL

TIME/DATE PREPARED: April 13, 2010

COMPANY: Arizona Public Service Company

AGENDA ITEM NO. 7

DOCKET NO. E-01345A-09-0338

OPEN MEETING DATE: 4-13-10

Page 5, line 2.5, INSERT NEW FINDING OF FACT:

“The Commission is concerned about customers who were ready to submit applications on March 30, 2010 at the previous incentive levels but had not submitted applications until March 31 or after. The problem is that approving the full incentives for all future applications will exhaust the remaining incentive funds within the next month. The Commission believes it is fair to both customers and the industry to allow applications submitted to APS prior to close of business on Friday, April 2, 2010, to be provided the incentives approved in the APS 2010 REST Plan at \$3.00 per installed watt. However, any applications received from March 31 through April 2, 2010 shall be paid in two installments. For grid-tied PV systems, the first installment of the incentive will be paid in 2010 at \$2.15 per installed watt and the balance of the incentive, or \$.85 per installed watt will be paid in the first quarter of 2011. For solar water heaters, the first installment of the incentive will be paid in 2010 at \$0.50 per first-year kilowatt-hour (“kWh”) savings and the balance of the incentive, or \$0.25 per first-year kWh savings will be paid in the first quarter of 2011. We direct APS to calculate the costs for the second installment and include those costs in the APS 2011 REST Plan budget.”

Page 6, line 2.5, INSERT NEW ORDERING PARAGRAPH:

“IT IS FURTHER ORDERED that the APS shall grant applications submitted prior to close of business on Friday, April 2, 2010, the incentives approved in the APS 2010 REST Plan. However, any applications received from March 31 through April 2, 2010 shall be paid in two installments. For grid-tied PV systems, the first installment of the incentive will be paid in 2010 at \$2.15 per installed watt and the balance of the incentive, or \$.85 per installed watt will be paid in the first quarter of 2011. For solar water heaters, the first installment of the incentive will be paid in 2010 at \$0.50 per first-year kilowatt-hour (“kWh”) savings and the balance of the incentive, or \$0.25 per first-year kWh savings will be paid in the first quarter of 2011. We direct APS to calculate the costs for the second installment and include those costs in the APS 2011 REST Plan budget.”

Make all conforming changes.
