**Re: In Support of TracFone Application
T-20664A-09-0148**

Dear Mr. Johnson:

As an Arizona State Legislator and a member of the Democratic Caucus, I am especially interested in helping the poor and the homeless. Two years ago I spearheaded legislation to appropriate \$1 million to help those who are homeless.

Also, I am the Development Director at Aguila, an organization that empowers and prepares Latino youth for college admission and graduation. I am passionate about helping those who need a hand, and this is why I am writing in support of the TracFone application.

A wireless Lifeline program will offer valuable benefits to people who are struggling in these tough economic times. Those who will be eligible are the most vulnerable citizens.

People in more than twenty-three states are now participating in the TracFone program. I urge you to approve TracFone so that they may serve the citizens of Arizona.

Thank you for your consideration of this matter. Please do not hesitate to contact me if you have any questions, comments or concerns.

Sincerely,

Robert Meza
