Dear Kristen Mayes  
Gary Pierce  
Sandra Kennedy  
Paul Newman  
Robert Stump

It is imperative that you consider the will of the taxpaying voting people and **OPPOSE** the rate consolidations being proposed for the water and sewer districts in Sun City. There is no good reason to take a community like Sun City, here since 1960, and 50 years later force it into a rate sharing plan with any other community. We have had water and sewer rates set "for Sun city" all this time and it should remain that way. Other communities should face their water and sewer problems on their own, like Sun City has always done. I **STRONGLY AND COMPLETELY OPPOSE** any rate consolidation involving Sun City.

Furthermore the rate increases this would involve are beyond astronomical. If these are the increases this water company needs to survive, it is time to find someone else to manage the water and sewer systems. There is absolutely not one item in the economy that would survive these kinds of increases.

Why do you think people choose to live in Sun City? We live here because it is inexpensive. Our houses are small and modest. Life here is still fairly simple. The more affluent retirees live in Sun City West, Sun City Grand & Sun City Festival. The people in Sun City **WILL NOT BE ABLE TO AFFORD** these new rates. It is that simple and **IT IS YOUR RESPONSIBILITY** to protect us from exactly what is being proposed.

Finally we do not use the water and sewer system like other communities. We have one or two people per residence. We have only a handful of pools in the community. We do not have lawns. We do not play in the sprinklers. We do not wash our SUV's in the drive. Get the picture?

I will see you on May 17th, if there is room enough in the building for all of us.

Thank You for your consideration.

John Miller [REDACTED] Sun City AZ 85373 [REDACTED]
