**Subject:** rate increase

hello  
i am writing to express my personal concerns over the proposed water hikes, we are having a huge mtg here in sun city and will be there, but by e mailing i am able to get my message across more quickly, the majority of the citizens or maybe half are on a fix budget and no extra savings to deal with any huge increase, these companies think that we have money tress along with our orange trees, and in fact i personally have been checking into assisting living out side of sun city the last couple of yrs but need to get my house up to code, there is no way i can live here if they continue down this road of increases. the only reason i live here was because of my mother who has passed away and have been thinking about moving ever since.  
we need to keep this fees more reasonable and fair.

Subject: Water and waste rates

We live in SC. Please don't let the water and waste rates go up  
Thank You  
Mr and Mrs M.J. Khan

**Subject:** Water rate increase

John and Josephine Sybenga both oppose the proposed water rate increase as unfair and unnecessary for Sun City. Thank you  
[REDACTED], Sun City, AZ. .

**Subject:** water/wastewater increases

We in Sun City should not be expected to take on any other areas problems. We are on fixed incomes and need a lot of our disposable income for medical costs and needs.

What are you trying to do to the retired people on as fixed income? Or do you have another government program to pay us back? This is nuts, you can't be playing with a full deck?
