DOCKET NO. E-01461A-09-0450

Trico Electric Cooperative, Inc. ("Trico") hereby submits its Net Metering Report in compliance with Decision No. 70567 dated October 23, 2008 that approved Net Metering Rules A.A.C. R14-2-2308(A) and (B).

A.A.C. R14-2-2308(A) and (B) state the following:

"Prior to May 1 every year, each Electric Utility shall file a report listing all Net Metering Facilities and inverter power rating or generator rating as of the end of the previous calendar year.

"Also included in this report shall be, for each Net Metering Facility, the monthly amount of energy delivered to and from the Electric Utility and, if available, the monthly peak demand delivered to and from the Electric Utility."

Since Trico's net metering tariff schedule was not approved until January 26, 2010 in Decision No. 71462, Trico does not have any information to report related to customer's taking service under its net metering tariff for the year 2009.
