Subject: Arizona Registered Voter Regarding AZ Water Co. Application Issues

Follow Up Flag: Follow up
Flag Status: Flagged

Below is a reminder about our position in Sun City AZ on the Subject item, and we look forward to the upcoming meeting you are holding in Sun City on Monday evening May 17th at 6pm.

Please give close scrutiny to the request of AZ Water Company regarding the topics of Rate Consolidation, Bundling, and Rate Increases involving Docket Numbers W-01303A-09-0343 and SW-01303A-09-0343 to be considered by the Arizona Corporation Commission. Briefly, here is our position (as year-round retirees in Sun City) on those 3 topics.

RATE CONSOLIDATION - Just leave the geographical rate districts as they currently are because the proposed areas are too widely separated in distances to have much in commonality. We are willing to pay the rate applicable to our own district without having involvement with such far-away districts like Tubac, Havasu, Mohave, Prescott Valley, and Anthem.

BUNDLING - Please do not allow the requested bundling at all because water issues are too varied and different than the situation at Sun City and Sun City West locations for both water and wastewater.

RATE INCREASES - Yes, some increases are likely to be justified and warranted, but PLEASE see that only reasonable increase percentages are approved, not the requested 27% increase for water rate and 40% increase in wastewater rate.

Thank you in advance for giving our requests due consideration on those 3 topics.
