1200 W. Washington St., 2nd floor
Phoenix, Arizona 85007

Dear Chairman Mayes and Commissioners:

I am writing you this letter to express that the Paradise Valley Unified School District ("PVUSD") supports Energy Asset Holdings LLC's Application for Special Contract seeking approval of Special Contract Rates to facilitate the installation of solar panels at the District Administrative Center, Community Resource Center, and Support Services Center. PVUSD is excited about the opportunity to implement solar at no up-front cost through the Solar Services Agreement that we have executed with Energy Asset Holdings. We want you to know that Energy Asset Holdings was selected for this job after going through a competitive bidding Request for Proposal (RFP) process, and their proposal was selected because it provided the District with the best opportunity to save money and obtain reliable and quality service. PVUSD believes there are a number of benefits that it will derive from these SSAs including cost savings, education opportunities for the community, reduction in greenhouse gas emissions, and reduced water usage in the production of energy for the schools.

PVUSD has analyzed the SSA rate and has determined that it will save significant funds over the life of the agreement. In fact, PVUSD has an opportunity to exercise an option to purchase the system at the end of the 5th or 10th year of the SSA, which we think will allow us to save even greater funds over time.

We appreciate your consideration of these SSAs and respectfully request that you approve Energy Asset Holding's request as quickly as possible.

Sincerely,

Ken Carter
Director of Purchasing
Paradise Valley Unified School District

Arizona Corporation Commission
