Dear Mr. Pierce,

We are retirees that purchased AZ land instead of stock for retirement. A number of parcels in Valle (Grand Canyon area), Valle Vista, Golden Valley and Kingman area had power within 1000' when purchased. Now that land has been not only hit in value by the economy and but mostly that power is not available to the property – only at a very expensive amount. We need some free line extension for consumers – why should we pay for the utility company's infra structure. Please support us.

Sincerely,
Ed and Lois Somers, Bullhead City, AZ
