Comments: I've lived in AZ first as a winter visitor and then full time for more than 25 years. Our current water bills run \$40 plus or minus a month. Until the West Valley blossomed Sun City and it's environs were ignored. Some years ago, about 8 to 10, we were forced to accept "our fair share" of CAP water. Now it seems we're to accept "our fair share" of what? Developers costs? I know how unhappy Anthem is with their water costs. But we have nothing to do with that. How is it fair for us to offset the expense of of delivering water to Anthem, Mojave County, Tubac, Paradise Valley? The idea of consolidation might sound good to developers and AZ Am Water but it doesn't to us. Consolidation would not only nearly double our household rates but also our Rec. Center rates which would be passed on to us. This impact is intolerable. We're not developers and we're not cash cows. Please, take us out of this dreadful equation.
