**COMPANY:** ARIZONA AMERICAN WATER COMPANY  
**DOCKET NO:** W-01303A-09-0343; SW-01303A-09-0343

**Response provided by:** Thomas M. Broderick

**Title:** Director, Rates & Regulation

**Address:** 2355 W. Pinnacle Peak Rd., Suite 300  
Phoenix, AZ 85027

**Company Response Number:** STF 21.1

---

- Q: Please provide a list of the factors that the Company considers when deciding whether rate design consolidation is appropriate in any given case, and why those factors weigh in favor of consolidation in this case.
- A: The only factor the Company considers is whether or not the Company is already operating as a single entity or not in Arizona. It is a single entity and has been for a number of years. This factor, therefore, is unrelated to the timing of the current rate case. This factor weighs in favor of consolidation because it is only in the ratemaking process that the Company is treated as anything other than a single entity.

**COMPANY:** ARIZONA AMERICAN WATER COMPANY  
**DOCKET NO:** W-01303A-09-0343; SW-01303A-09-0343

**Response provided by:** Thomas M. Broderick

**Title:** Director, Rates & Regulation

**Address:** 2355 W. Pinnacle Peak Rd., Suite 300  
Phoenix, AZ 85027

**Company Response Number:** STF 21.2

---

**Q:** Please refer to the Direct Testimony of Elijah O. Abinah, pps. 4-5 when responding to the following questions and with respect to the three consolidation proposals:

- (1) Please define any public health and safety concerns that would support consolidation in this case. Please discuss whether public health and safety concerns would support or not support consolidation in this case. Please be specific in your response. If applicable, please do a cost/benefit analysis to support your answer.
- (2) Please discuss whether proximity and physical interconnection support consolidation or do not support consolidation in this case. Please be specific in your response. If applicable, please include a cost/benefit analysis to support your response.
- (3) Please discuss any economies of scale that would result from consolidation. Please be specific in your response and include a cost/benefit analysis to support your response. Please consider in your response the following at a minimum:
  - a) any cost savings in administrative costs;
  - b) any cost savings rate case expense;
  - c) any cost savings associated with use of one rate schedule; and use of standard customer service policies;
  - d) any costs associated with operations and maintenance;
  - e) any costs associated with infrastructure improvements;
  - f) any costs associated with service to new customers;
  - g) any costs associated with customer education;
  - h) any costs associated with water quality; and
  - i) any other cost savings that would result from consolidation.
- (4) Please discuss price shock mitigation concerns and the extent to which these enter into the specific consolidation proposals.

**A:** (1) The Company has no public health and safety concerns to define as regards rate consolidation. The Company has concluded that public health and safety concerns are unrelated to rate consolidation. The Company is not aware of

any specific public health and safety concerns regarding the topic of rate consolidation.

(2) The Company's support for rate consolidation is not predicated on proximity or physical interconnection. Arguably, the lack of physical interconnection does not support rate consolidation to the extent it is a pre-condition. Several of the Company's districts are only separated by a few miles and others (e.g., Tubac and Mohave) are far from any other districts.

(3) As a general matter the Company has already captured available economies of scale, including those offered by American Water's national scope of services, and thus very little additional economies of scale can be captured as a result of rate consolidation.

- a) None
- b) The Company should be able to conduct a state-wide rate case for approximately the amount it spends on a multi-district case. The Company will not incur less for a rate case, but rather more districts will be included in future rate cases.
- c) There may be some small savings in this category, but the Company has not estimated the savings and does not yet have an opinion as to when the savings could be realized into the future.
- d) None.
- e) None.
- f) None.
- g) There may be some small savings in this category, but the Company has not estimated the savings and does not yet have an opinion as to when the savings could be realized into the future.
- h) None because water quality testing and reporting is unaffected by rate consolidation and occurs for each individual system (which is even more refined than the rate district).
- i) None.

**COMPANY:** ARIZONA AMERICAN WATER COMPANY  
**DOCKET NO:** W-01303A-09-0343; SW-01303A-09-0343

**Response provided by:** Thomas M. Broderick

**Title:** Director, Rates & Regulation

**Address:** 2355 W. Pinnacle Peak Rd., Suite 300  
Phoenix, AZ 85027

**Company Response Number:** STF 21.3

---

**Q:** Please identify all benefits associated with Staff's various rate consolidation proposals.

**A:** The primary benefits include reduced rate shock, reduced rate case expense for both the Company and Staff and improved chances for acquisition of water utilities, especially troubled systems.

**COMPANY:** ARIZONA AMERICAN WATER COMPANY  
**DOCKET NO:** W-01303A-09-0343; SW-01303A-09-0343

**Response provided by:** Thomas M. Broderick

**Title:** Director, Rates & Regulation

**Address:** 2355 W. Pinnacle Peak Rd., Suite 300  
Phoenix, AZ 85027

**Company Response Number:** STF 21.4

---

**Q:** Please identify all costs associated with Staff's various rate consolidation proposals.

**A:** The Company does not believe there are any significant costs associated with any of Staff's rate consolidation proposals, but has not analyzed this in detail. There may be some minor one-time transition costs involved with the filing of tariffs and customer education.

**COMPANY:** ARIZONA AMERICAN WATER COMPANY

Phoenix, AZ 85027

**Company Response Number:** STF 21.5

---

Q: Do the benefits outweigh the costs for any of the rate design proposals in this docket. Please discuss in detail your response?

A: The Company does not view the topic of rate consolidation in the paradigm of net benefits and costs.

The Company is unable to identify any significant costs associated with consolidating its rates and is able to identify a number of resulting benefits including reduced future rate shock, reduced rate case expense for both the Company and Staff and improved opportunities for future acquisitions, especially of troubled water systems. And while there are admittedly significant community issues, the Company believes they will be short-lived.

**COMPANY:** ARIZONA AMERICAN WATER COMPANY  
**DOCKET NO:** W-01303A-09-0343; SW-01303A-09-0343

**Response provided by:** Thomas M. Broderick

**Title:** Director, Rates & Regulation

**Address:** 2355 W. Pinnacle Peak Rd., Suite 300  
Phoenix, AZ 85027

**Company Response Number:** STF 21.6

---

- Q: How were the five commodity tiers and breakpoints developed by the Company in its consolidation proposal for the water districts?
- A: The Company selected its 5 tiers for the residential class because they generally fit the existing range of tiers across the districts. The Company already had a set of first tiers on the 0 to 4k range. Next, the Company attempted to blend the balance of the tiers with existing tiers, especially those for Tubac and Paradise Valley which have higher level users. The Company chose break points where the Company believed differing types of customers would have a reasonable chance to migrate to the next lower tier.

The Company is not fixated on its proposed tiers and is open to considering reasonable alternatives.

**COMPANY:** ARIZONA AMERICAN WATER COMPANY  
**DOCKET NO:** W-01303A-09-0343; SW-01303A-09-0343

**Response provided by:** Thomas M. Broderick

**Title:** Director, Rates & Regulation

**Address:** 2355 W. Pinnacle Peak Rd., Suite 300  
Phoenix, AZ 85027

**Company Response Number:** STF 21.7

---

**Q:** To the extent the Company has proposed five commodity tiers in its stand-alone proposal, how were the five commodity tiers developed for the water districts?

**A:** The Company has not proposed any changes to the existing tiers in its stand-alone proposal.

**COMPANY:** ARIZONA AMERICAN WATER COMPANY  
**DOCKET NO:** W-01303A-09-0343; SW-01303A-09-0343

**Response provided by:** Thomas M. Broderick

**Title:** Director, Rates & Regulation

**Address:** 2355 W. Pinnacle Peak Rd., Suite 300  
Phoenix, AZ 85027

**Company Response Number:** STF 21.8

---

**Q:** In the Company's opinion, what is the benefit of five commodity tiers as opposed to three tiers?

**A:** The Company believes that 5 tiers better captures the range of residential consumption across our districts. Sun City water district, for example, has most of its consumption in the first or second tiers, whereas Sun City West has a lot of consumption in the second and third tiers. Tubac and Paradise Valley have significant consumption in the fourth and fifth tiers.

**COMPANY:** ARIZONA AMERICAN WATER COMPANY

**Title:** Senior Rate Analyst

**Address:** 2355 W. Pinnacle Peak Rd., Suite 300  
Phoenix, AZ 85027

**Company Response Number:** STF 21.9

---

**Q:** What is the Company doing with respect to consolidation in its other jurisdictions?

**A:** The Company has 5 states that have Single Tariff Pricing. Several of the states that are not completely consolidated have some districts consolidated, or have the same Basic Service Charges and difference volumetric rates, or have the same volumetric rates or tiers but different Basic Service Charges.

See the tariff sheets for every state attached to SFT 21.10

**COMPANY:** ARIZONA AMERICAN WATER COMPANY  
**DOCKET NO:** W-01303A-09-0343; SW-01303A-09-0343

**Response provided by:** Linda Gutowski

**Title:** Senior Rate Analyst

**Address:** 2355 W. Pinnacle Peak Rd., Suite 300  
Phoenix, AZ 85027

**Company Response Number:** STF 21.10

---

**Q:** What is the Company doing with respect to tier breakpoints in its other jurisdictions? How many tiers does the Company utilize and what are the monetary breakpoints in each of its other jurisdictions for its water operations?

**A:** The states with only 1 volumetric rate are Sacramento in CA, IL, MD, most of MO, NJ, NY for winter rates, PA, VA for 2 of the 3 districts.

The states with 2 blocks for Residential are part of KY, and NY in the summer.

The states with 3 tiers are most of CA, IN, NM, OH, and TX.

The states with 4 tiers are IA, part of KY, 1 district in MO, and WV.

The states with 5 tiers are Monterey in CA, and 1 district in VA.

The states with 6 tiers are 1 district in KY and TN.

Only the Western states have inclining blocks – NM, AZ, TX, and CA. The remaining states that have more than 1 block are declining rates.

The monetary breakpoints for the tiers are varied among the states. See the attached tariffs for each state.

GENERAL METERED SERVICE

RATES (continued)

SPECIAL CONDITIONS

1. The boundaries in which the above rates apply are as set forth in the Preliminary Statement and delineated on the Tariff Service Area Maps filed as a part of these tariff schedules. (C)
2. Any residential customer who has been required to install a Residential Fire Sprinkler System (R.F.S.S.) at their place of residence by local fire ordinances will be allowed to have their monthly service charge reduced by one meter size, provided it has been requested by the customer and verified by the Company that the lower size of meter would be large enough to provide adequate service to the residence. The R.F.S.S. Service is not considered a fire service by the Company, but is considered an oversized general metered service and therefore, only the rules and conditions of service for general metered service apply. (L)
3. A surcharge is included on each bill to collect franchise taxes and/or business license fees paid to various municipalities. The amount collected is based on a percentage of the gross revenues of each bill. The percentages are as follows: Ryan Ranch 2.05%, City of Pacific Grove 2.10%, City of Carmel-by-the-Sea 2.15%, City of Seaside 1.00%, City of Del Rey Oaks Business License Fee 0.11%, City of Del Rey Oaks Franchise Fee 2.00%, City of Sand, City 0.14%, City of Monterey 1.05%, and unincorporated areas of Monterey County 1.00%.
4. Customers must apply with the Company for acceptance into the Low-Income Ratepayer Assistance Program (LIRA). The Company will analyze applications based upon proof of acceptance into the California Alternate Rates for Energy Program of Pacific Gas and Electric.
5. All bills are subject to the reimbursement fee set forth in Schedule No. UF.
6. The per capita design shall remain in effect and until ordered otherwise by the Commission. (L)

7. Calculation of residential, multi-residential and sale for resale allotment for Monterey Main, Hidden Hills, Ryan Ranch and Bishop systems:

(C)

- a. The five consumption blocks are calculated for each residential, multi-residential and sale for resale customer based on the number of people, season (winter/summer), size of lot, and number of large animals according to the following allotments for each characteristic:

**Block Width Adjustment for Number of People**

Number of people in a residence	Allotted Cfs per month	Equivalent gallons per day
1	15	37.5
2	30	75
3	45	112.5
4	60	150
5	75	187.5
6	90	225
7	105	262.5

**Block Width Adjustment for Large Animals**

Number of large animals	Allotted Cfs per month	Equivalent gallons per day
1 or 2	5	12.5
3 to 5	10	25
6 to 10	15	37.5
11 to 20	20	50
Over 20	25	62.5

SPECIAL CONDITIONS (continued):

7. (continued)

**Block Width Adjustment for Landscape  
 Available in summer (May through October) only**

(C)

Size of Lot	Allotted Cfs per month per block in Blocks 3, 4 & 5	Equivalent gallons per day
No outside space	0	0
Up to ¼ acre	10	25
Over ¼, up to ½ acre	20	50
Over ½ acre, up to 1 acre	20	50
Over 1 acre, up to 2 acres	30	75
Over 2 acres, up to 3 acres	30	75
Over 3 acres, up to 4 acres	30	75
Greater than 4 acres	30	75

- a. Each customer's total block width for each block are calculated by adding block width adjustments for people, animals and, from May through October, landscape.

Example: The allotment, or total block width for each block, for a four person household on 1 acre lot with no large animals is as follows;

**Calculation of allotment**

	Winter (in Cfs) Nov 1 – Apr 30	Summer (in Cfs) May 1 – Oct 31
Adjustment for People	60	60
Adjustment for Animals	0	0
Adjustment for Landscape	0	20
<b>Total Cfs Allowed in Each Block</b>	<b>60</b>	<b>80</b>

GENERAL METERED SERVICE

SPECIAL CONDITIONS (continued)

8. Allotment parameters for non-residential customers, including commercial, industrial, public authority, golf courses and dedicated irrigation meter customer classes for Monterey Main, Hidden Hills, Ryan Ranch and Bishop systems: (N)
- a. Water allotments will be based on audits based upon best management practices for the type of business or the revised MPWMD "Calculated Average Consumptions: Commercial Uses" study. California American Water will implement a system to keep track of whether a customer's allotment is based on the study (and if so, which version of the study) or based on an audit.
  - b. Outdoor water will be viewed as discretionary use except for properties that require outdoor water for business purposes, ie. outdoor water use that is not essential to the business function will be billed at block 2 or 3 rates. For example, water used by a bar or restaurant for outdoor purposes would be billed at the block 2 or 3 rates.
  - c. All water use for a public authority customer, excluding any golf courses, will be combined in one bill. For example, a city that uses water for irrigation medians, city hall and a city-owned school, would be billed for the use in each location under one bill and one total allotment; within the allotment, the public authority customer would have discretion over how to allocate its use. The allotments for each use of the customer would be combined into one total allotment for each customer. Public authority meters or premises that have water budgets would be excluded from this consideration.
  - d. All water use on a commercial premise will be combined into one bill. A commercial customer with multiple meters on one premise would receive one bill. However, a customer with multiple meters on separate premises would still receive separate bills for each premise. The allotments for each use on the premise will be combined into one total allotment for each premise.
9. Calculation of Commercial Monthly Allotment and Annual True-Up: Commercial customers will receive an annual water allotment. The customer's monthly allotment will be based on historical monthly percentage from the usage from the immediately preceding 12 months, unless 12 months of history is unavailable. If 12 months of history is unavailable, the monthly allotment will be based on 1/12 of the annual allotment. (N)

EFFECTIVE FEB - 1 2010  
RESOLUTION NO.

Schedule No. MO-1 (continued)  
 Monterey District Tariff Area

GENERAL METERED SERVICE

SPECIAL CONDITIONS (continued):

9. Calculation of Commercial Monthly Allotment and Annual True-Up (continued)

(N)

Commercial customers' water usage charges will be adjusted annually to balance the monthly allotments against the annual allotments to assure that customers who have not exceeded their annual allotment are not penalized by the allocation of the monthly allotments. California American Water will use the following method, as shown in the example below, to calculate the adjustment if necessary;

**Commercial Allotment Calculation (Based on Annual Allotment of 1,200 Cfs)**

Annual Allotment = 1,200 Cfs	
Monthly Allotment = 100 Cfs	
Usage (in Cfs):	
Month One: 100	Month Seven: 120
Month Two: 100	Month Eight: 90
Month Three: 120	Month Nine: 90
Month Four: 90	Month Ten: 90
Month Five: 90	Month Eleven: 90
Month Six: 100	Month Twelve: 90
Total Use for 12 Months: 1,170	

In this example, the customer was billed for 40 units at the higher block rate (for exceeding its monthly allotment of 100 units) in two months, yet its annual usage was 30 units under the annual allotment. The customer will be refunded the difference between the lower block rate and the higher block rate for all 40 units.

Annual allotments and annual true ups will be conducted on a water year (Oct 1 – Sept 30) schedule.

10. Golf Courses (Potable Use)

Potable use golf courses will have the same rates and rate design as commercial customers. Allotments for potable use golf courses will be based on best management practices as stated in Section V, Part D of the rate design settlement approved in Monterey General Rate Case Application 08-01-027.

Monterey District Tariff Area

GENERAL METERED SERVICE

SPECIAL CONDITIONS (continued):

11. Golf Courses (Non-Potable – Viscaino Tank)

(N)

Golf courses served by the Viscaino Tank will be assigned an allotment based on best management practices as stated in Section V, Part D of the rate design settlement approved in Monterey General Rate Case Application 08-01-027. It is assumed that all non-potable use within this allotment will be billed at the lowest commercial block rate. Usage above the annual allotment will be billed in accordance with the same rate structure as for golf courses using potable water.

Potable use by golf courses on reclaimed water (water supplied by California American Water to the Viscaino Tank) will be billed on the same rate design as commercial customers with a 30 acre-feet annual allotment for Viscaino Tank.

12. Dedicated Irrigation

Dedicated irrigation customers include non-public authority customers, customers using dedicated irrigation for non-essential business functions, or other customers with dedicated irrigation meters other than metered fire hydrant customers.

Dedicated customers will have a two block rate design and allotments will be set using best management practices as stated in Section V, Part D of the rate design settlement authorized in Monterey General Rate Case Application 08-01-027.

13. Special Use Customers

Special use customers will include only metered fire hydrant use customers.

 Monterey District Tariff Area

GENERAL METERED SERVICE

SPECIAL CONDITIONS (continued):

14. Per Decision 06-11-050, costs associated with the Carmel River Dam shall be placed in a balancing account and collected through a meter charge over the next four years beginning the effective date of Advice Letter 656. The total amount to be recovered is \$3,601,239. The balancing account will earn interest at the 90-day commercial rate. This surcharge is applicable to customers in the Monterey main and Ryan Ranch areas. (L, C)

Meter Size	Meter Surcharge
For 5 / 8 x 3 / 4 inch meter	\$1.34
For 3 / 4 inch meter	\$2.01
For 1 inch meter	\$3.35
For 1 1 / 2 inch meter	\$6.69
For 2 inch meter	\$10.71
For 3 inch meter	\$20.08
For 4 inch meter	\$33.46
For 6 inch meter	\$66.92
For 8 inch meter	\$107.07

15. Coastal Water Project (CWP) Surcharge #1: Per Decision 06-12-040, a surcharge will be applied to customer bills to collect for pre-construction costs associated with the CWP. Costs to be recovered through CWP Surcharge #1 include \$1,353,831 in public outreach costs and \$1,639,429 in other costs, for a total of \$2,993,260. A surcharge of 4% will be added to all bills rendered from January 1, 2007 through June 30, 2007. The surcharge will be increased to 7% from July 1, 2007 through December 31, 2007, and will increase to 10% from January 1, 2008 through a time when the outstanding approved amounts, with interest, are recovered. This surcharge is applicable to customers in the Monterey main area. (D) (L) (C)
15. The rates approved by Advice Letter No. 750-B are subject to refund and may be adjusted upward or downward depending on the final rates authorized in A. 08-01-027 back to May 11, 2009. The 2010 step rates approved by Advice Letter 818-A will be tracked as part of the interim rate true-up memorandum account. (D) (L)

GENERAL METERED SERVICE

SPECIAL CONDITIONS (continued):

17. Per Advice Letter 761 and D. 09-05-029, a volumetric surcharge will be applied to each customer's bill to fund conservation programs by California American Water. This surcharge is applicable to customers in the Monterey main, Bishop, Hidden Hills and Ryan Ranch areas and will collect a total of \$2,424,678 and remain in effect through December 31, 2011 as follows;

(D)  
(L)  
(C, L)

Effective Dates	Surcharge
Jul 1, 2009 - Dec 31, 2009	\$0.0294 per 10 cf
Jan 1, 2010 - Dec 31, 2011	\$0.0147 per 10 cf

18. Per Advice Letter 761 and D. 09-05-029, a volumetric surcharge will be applied to each customer's bill to collect \$1,118,141 in conservation funds for the Monterey Peninsula Water Management District (MPWMD). This amount was reached by offsetting the \$1,156,000 granted in D. 09-05-029 with \$37,859 already collected in 2009 under the prior 1% MPWMD conservation surcharge granted in D. 06-11-050. This surcharge is applicable to customers in the Monterey main, Bishop, Hidden Hills and Ryan Ranch areas and will remain in effect through December 31, 2011 as follows;

(C, L)

Effective Dates	Surcharge
Jul 1, 2009 - Dec 31, 2009	\$0.0136 per 10 cf
Jan 1, 2010 - Dec 31, 2011	\$0.0068 per 10 cf

19. In accordance with the final decision issued in Monterey General Rate Case Application 08-01-027, costs associated with securing Seaside Basin water rights shall be placed in a balancing account and collected through a meter charge over the next ten years. The total amount to be recovered is \$2,755,960. The balancing account and surcharge is applicable to customers in the Monterey main, Bishop, Hidden Hills and Ryan Ranch areas and will earn interest at the 90-day commercial rate.

(C, L)

Meter Size	Meter Surcharge
For 5 / 8 x 3 / 4 meter	\$0.37
For 3 / 4 meter	\$0.55
For 1 meter	\$0.91
For 1 1 / 2 meter	\$1.83
For 2 meter	\$2.93
For 3 meter	\$5.49
For 4 meter	\$9.15
For 6 meter	\$18.29
For 8 meter	\$29.27

General Metered Service (continued)

SPECIAL CONDITIONS:

1. All bills are subject to the reimbursement fee set forth in Schedule No. UF.
2. Per D. 08-05-018, a surcharge of \$0.0248 per ccf will be applied to each bill to fund conservation efforts. The surcharge will be applied beginning the effective date of the final decision and will remain in effect until otherwise directed by the Commission.
3. A surcharge is included in each bill to collect the difference in revenues between the interim rates approved in AL 684 and final authorized rates in D. 08-05-018. The monthly meter surcharge will be added to all meter sizes for all customer classes for the remaining 4 months of 2008 or for 4 months beginning the effective date of Advice Letter 699. The monthly meter surcharges are as follows: (N)

Meter Size	Monthly Surcharge
5/8 x 3/4	\$4.95
3/4	\$7.43
1	\$12.38
1 1/2	\$24.75
2	\$39.60
3	\$74.25
4	\$123.75
6	\$247.50
8	\$396.00
10	\$569.25
12	\$816.75

GENERAL METERED SERVICE

SPECIAL CONDITIONS

1. All bills are subject to the reimbursement fee set forth in Schedule No. UF.
2. A surcharge is included on each bill to collect franchise taxes and/or business license fees paid to various municipalities. The amount collected is 2.0% based on gross revenues before taxes and PUC fees for the County of Ventura and the City of Thousand Oaks.
3. Qualifying low-income customers can receive a discount on their bill. Customers must apply with the Company for acceptance into the low-income program. For additional details, please see Tariff Schedule V-1-LIRA.
4. Per the final decision of A. 07-01-039, a surcharge of \$0.0231 per ccf will be applied to each bill to fund conservation efforts. The surcharge will be applied beginning the effective date of the final decision and will remain in effect until otherwise directed by the Commission. The amount collected will be tracked in a one-way balancing account and be subject to refund.
5. Per Advice Letter No. 816, a surcharge is applied to each bill to offset increase in purchased water cost imposed by Calleguas Municipal Water District effective January 1, 2010. This increase results in a needed revenue increase of \$3,287,792 or 12.35%. The surcharge of \$0.8649 per hundred cubic feet (Ccf) is added to the quantity rate for general metered customers effective January 1, 2010. (I)

INDIANA UTILITY  
REGULATORY COMMISSION

CLASSIFICATION OF SERVICE  
GENERAL WATER SERVICE

Available For

All general water service customers except sale for resale customers.

Billing Frequency

Bills for general water service shall be rendered on a monthly basis; except for Northwest Indiana Operations which allows for bi-monthly billing. The following sets forth the schedules of volumetric rates on a monthly basis and on a bi-monthly basis (Northwest).

Volumetric Rates

The following shall be the rates for consumption:

Area One Group includes: Crawfordsville, Johnson County, Kokomo, Muncie, Newburgh, Noblesville, Northwest, Richmond, Seymour, Shelbyville, Somerset, Southern Indiana, Sullivan, Summitville, Wabash Valley and Waveland

Area Two Group includes: Mooresville, Wabash, Warsaw, West Lafayette and Winchester

**Area One Group:**

	<u>Hundred Cubic Feet</u>	<u>Rate Per 100 Cubic Feet *</u>	<u>Thousand Gallons</u>	<u>Rate Per Thousand Gallons*</u>
For the first	20	\$ 3.4770	15	\$ 4.6360
For the next	4,980	2.4267	3,735	3.2356
For all over	5,000	1.3343	3,750	1.7791

**Area Two Group:**

	<u>Hundred Cubic Feet</u>	<u>Rate Per 100 Cubic Feet *</u>	<u>Thousand Gallons</u>	<u>Rate Per Thousand Gallons*</u>
For the first	20	\$ 1.9784	15	\$ 2.6379
For the next	4,980	1.3343	3,735	1.7791
For all over	5,000	0.7546	3,750	1.0061

**Northwest Indiana Operations - BI-MONTHLY RATE SCHEDULE:**

	<u>Hundred Cubic Feet</u>	<u>Rate Per 100 Cubic Feet*</u>	<u>Thousand Gallons</u>	<u>Rate Per Thousand Gallons*</u>
For the first	40	\$ 3.4770	30	\$ 4.6360
For the next	9,960	2.4267	7,470	3.2356
For all over	10,000	1.3343	7,500	1.7791

\* Subject to the Distribution System Improvement Charge listed on Appendix A

FIRE SERVICE

PUBLIC FIRE HYDRANTS

Each municipality or governmental entity responsible for public fire service in the areas listed below shall pay for each public fire hydrant within its boundaries.

Monthly surcharge per hydrant: \$53.53

Where Applicable: Burns Harbor, Clarksville, Franklin, Porter, Seymour, Shelbyville, South Haven, Summitville, West Lafayette

PUBLIC FIRE PROTECTION SURCHARGE

Applicability

Applies to customers not located within the boundaries of the governmental entities responsible for public fire service in the areas listed in Public Fire Hydrants. Applicable to any water customer located in areas within municipal boundaries or to any water customer within 1,000 feet of a public fire hydrant (measured from the hydrant to the nearest point on the property line of the customer) on the Company's distribution mains in areas not within municipal boundaries. In addition to the charges for water service under currently approved tariffs, a public fire protection surcharge shall be charged to, and collected from, each customer to whom said surcharge is hereby made applicable. If multiple meters are installed the surcharge(s) shall be based upon the total of all meters installed.

CLASSIFICATION OF SERVICE

METERED PLANT SALES

Available to all customers desiring to purchase water pumped directly into portable water tanks, furnished by the Customer, at the Company's designated plant sites from a coin-operated machine charged at the current schedule of metered rates.

MISCELLANEOUS TEMPORARY WATER SERVICE

Miscellaneous temporary water service is available upon application therefore for construction projects located in the vicinity of distribution mains of the Company suitable and adequate for supplying the service requested in the territory served by the Company. Each application for service under this rate shall list in detail the purposes for which water service is to be used. If more than one fire hydrant or special service connection is used, the customer charge is to apply to each such hydrant or temporary service connection so used.

Rate:

The rate for this service shall be the sum of the charges as determined under sub-paragraphs (a) and (b) below:

- (a) The applicant for Miscellaneous Temporary Water Service shall be required to pay the Company's cost of labor plus 30% for supervision, transportation, materials (excluding the cost of the meter), use of tools, and overhead and indirect costs required in connection with establishing, disconnecting and dismantling of the temporary connection. This payment shall be made to the Company before the facilities are installed by the Company based upon amounts estimated by the Company. The payment shall be adjusted to actual costs by a refund or additional charge when service is discontinued.
- (b) The volume of water taken through the temporary connection shall be metered by a meter furnished and owned by the Company. For water consumed through such meter, the regular schedule of water rates, including minimum payment provisions, for General Water Service shall apply.

CLASSIFICATION OF SERVICE  
RATE FOR MISCELLANEOUS TEMPORARY WATER SERVICE (CONT'D)

Permit where use of fire hydrants is required:

If the temporary water service connection is from a public fire hydrant, then a permit to use the hydrant must be obtained by the applicant from the Company. A permit will be issued by the Company only when the applicant first obtains written permission from the Chief of the Fire Department for use of the hydrant, and delivers the written permission to the Company. Any permit issued by the Company shall be revocable at the Company's option.

Special provisions:

The Company reserves the right to discontinue service if the purpose for which water is used or the quantities of construction work to be performed have been misrepresented. In that event, the Company will refund the unearned portion of the advance payment.

REGULATORY COMMISSION

CLASSIFICATION OF SERVICE

RECONNECTION CHARGE

When it has been necessary to discontinue water service to any premises because of a violation of the Company's Rules and Regulations or on account of non-payment of any bill for water service, a charge of Fifteen Dollars (\$15.00) will be made to cover the expense of turning on the water service.

However, any service reconnected at the request of a Customer after regular business hours, or on Saturdays, Sundays, or Holidays, will be billed a charge of Forty Dollars (\$40.00).

INSUFFICIENT FUNDS CHARGE

In the event a check, draft of other instrument tendered to the Company for water service provided by the Company is dishonored by the bank or another institution upon which it is drawn, by reason of "insufficient funds", "account closed" or other similar reason, a Charge For Dishonored Check of Nineteen Dollars (\$19.00) for each such dishonored instrument will be made by the Company to the customer. Such charge will be added to, and will be due and payable on the terms and conditions of the Company's billing in payment of which the dishonored instrument was so tendered. The Company may serve a Customer on a cash basis for the next twelve months only if more than one check of the Customer is returned NSF in the previous twelve-month period. "Cash" shall be deemed to mean U.S. currency, U.S. Postal money order, or certified check.

AFTER HOURS SERVICE CHARGE

A charge of \$20.00 per call will be made for non-emergency customer service calls made after normal working hours, weekends, or holidays at the customer's request, provided the reason for the call was not the fault of the water company. This charge is separate and distinct from the reconnection charges or any other charges. It is non-cumulative in respect to the other charges listed.

REBATES AND ABATEMENTS

When a customer has an extended absence exceeding two months, there will be no abatement of water rates unless the customer notifies the company in sufficient time so the meter can be removed before the customer departs. Service shall be resumed upon notification by the customer and his payment of a \$10.00 service charge, which also includes the cost of removal of the meter.

CLASSIFICATION OF SERVICE

DEFERRED MAIN EXTENSION MONTHLY PAYMENT

Deferred Main Extension Monthly Payment will apply to customers receiving water service through a main extension installed under Rule 13 (Northwest), Rules and Regulations Governing Water Main Extensions III (Mooresville, Warsaw, Winchester and West Lafayette) and Rule 23.6 (all other areas). In addition to the rates and charges for General Water Service and, where applicable, Fire Service, such customers will pay a Deferred Main Extension Monthly Payment computed in accordance with the Rule specified above and based on the cost of the main extension.

BILLING OF LICENSE, OCCUPATION, FRANCHISE, OR OTHER SIMILAR CHARGES OR TAXES

There will be added to the Customer's bill, as a separate item, an amount equal to the proportionate part of any license, occupation, franchise, or other similar fee or tax now or hereafter imposed upon the Company by local taxing authorities, whether imposed by ordinance, franchise or otherwise, and which fee or tax is based upon a percentage of the gross receipts, net receipts, or revenues from sales of water rendered by the Company to the Customer.

Where more than one such charge or tax is imposed by a taxing authority, the total of such charges or taxes applicable to a Customer may be billed to the Customer as a single amount.

Charges or taxes herein referred to shall in all instances be billed to Customers on the basis of Company rates effective at the time of billing, and on the basis of the tax rate effective at the time billing is made.

GARY PROJECT SURCHARGE (effective for 10-years following I.U.R.C. approval on 10/31/01)

The location of the Gary Project in Gary, Indiana, is described in the State of Indiana Drinking Water Revolving Loan Program Financial Assistance Agreement dated June 15, 2001 between the State of Indiana acting through the State Budget Agency and Indiana-American.

In addition to all other applicable rates and charges, a \$10.00 per month surcharge shall be collected from each general water service customer, residential customer or in the case of master metered apartments and trailer parks, household equivalents receiving water from the Gary Project. For each customer the surcharge shall commence the first month after connection and shall terminate three years thereafter. In the event a customer is master metered for multiple households, the surcharge shall be calculated on the basis of the number of residential households receiving water service through any such master meter (i.e. trailer parks and apartment buildings.)

**SPECIAL PROVISIONS**

Limited Area Sprinkler Systems

Any customer receiving metered water service through either a 1" or 2" meter may also receive through such meter a supply of water for a fire protection sprinkler system not exceeding a total of 20 sprinklers (hereinafter "Limited Area Sprinkler System"). Prior to receiving metered water service to any premises which contains a Limited Area Sprinkler System, the customer shall apply to the Company for such service on a form to be provided by the Company, and such service shall be subject to the terms set forth on the application and to all applicable rules and regulations of the Public Service Commission. All Limited Area Sprinkler Systems must be installed and maintained in accordance with all applicable health standards and building and fire codes and must include a backflow prevention device or devices approved by the Company. Applicants for service shall establish, at the time of application and to the satisfaction of the Company, that all such codes and standards have been met.

**SERVICE CONNECTION**

3/4-inch Service Connection.....\$1,026

Service Connections over 3/4-inch.....Actual cost to Company including overhead and income taxes

The customer shall pay to the Company the Service connection charge prior to installation.

The service connection charge imposed herein shall be waived for each customer who has filed application to the Company for one or more service connections on or before June 14, 1989; provided that for each connection or connections to be exempt, the property or properties to be served either have service pipes presently in place at the property line or are now serviced by a well, or are the subject of a final building permit application to be submitted to either Harford County, Maryland or the Town of Bel Air with all building permit fees and charges advanced in full on or before June 14, 1989.

**REMOVAL OF TEMPORARY SURCHARGE TO RECOVER PURCHASED WATER EXPENSE  
FROM HARFORD COUNTY**

The Temporary Surcharge to recover purchased water expense applicable to all customers of the Company whose billings are based upon metered water service is no longer in effect as of March 31, 2008.

**Issued:** December 19, 2007  
**By:** William R. Walsh  
Name

**Effective:** March 31, 2008  
President  
Title

**SURCHARGE TO RECOVER FUTURE PURCHASED WATER  
EXPENSES FROM HARFORD COUNTY DURING PERIODS OF  
WATER RESTRICTION ON WINTER'S RUN**

**APPLICABILITY**

This rate is applicable to all customers of the Company whose billings are based upon metered water service.

**PURCHASED WATER SURCHARGE**

In addition to the charges set forth on Page Nos. 3(a) and 3(b), the Company shall charge, as a separate line item on the customer's bill, for one hundred percent (100%) of the cost of water purchased by the Company based on each customer's metered consumption. The Company has the right to impose the surcharge immediately upon imposition of flow by restrictions on Winters Run as a result of drought. The Company shall notify customers of the surcharge in the first bill delivered after the date flow by restrictions are imposed. The surcharge shall appear on the next bill with respect to the cost of water purchased in the preceding month. The calculation of the surcharge is as set forth below under Surcharge Rate. On a quarterly basis, the Company shall submit water sold and water purchased data to the Maryland Public Service Commission for the purpose of reconciling total water sold and total water purchased. Estimated costs will be reconciled with actual costs at the quarterly true-up. Under collections and over collections of purchased water costs will be charged or credited to the first bill following the P.S.C. audit of the true up. In the event that the true-up of under collected purchased water costs results in an increase in the average water bill of greater than 10%, the charges for under collected purchased water costs shall continue on subsequent billings, limited to a maximum of 10% of the average bill, until eliminated.

**SURCHARGE RATE**

Rate charged per 1,000 gallons or 100 cubic feet will be calculated using the following formula:

$$\frac{(A \times (B-C))}{D} = E$$

- A 1,000 Gallons purchased from Harford County
- B Cost per 1,000 gallon of water purchased from Harford County
- C Production cost per 1,000 gallons embedded in general water service tariff
- D Budgeted one month water sales
- E Purchased Water Surcharge

 Eighth Revised SHEET NO. E-1

FOR  
MISSOURI-AMERICAN WATER COMPANY ST. CHARLES COUNTY, MISSOURI  
 NAME OF ISSUING CORPORATION COMMUNITY, TOWN, OR CITY

**RATE A  
 METERED RATES**

**AVAILABILITY** – This rate is available to all residential ("domestic"), commercial and all other metered customers not eligible for Rate B, Rate J, and Rate K tariff customers.

A "residential" ("domestic") customer, under this residential rate classification, is a customer who purchase water for "Domestic use", under this residential rate classification, includes that portion of water which is ultimately delivered to a single or multiple family dwelling, and shall apply to all such purchases regardless of whether the customer is the ultimate consumer.

This tariff is intended to satisfy the provisions of section 144.030 (23), RSMo, by establishing and maintaining a system and rate classification of "residential" to cause the residential sales and purchases of water under this tariff to be considered as sales made for domestic use and thus exempt from sales tax.

**CONTRACT TERM AND BILLING** - Standard contracts are on a yearly basis, with monthly billing for service.

**RATE COMPONENTS:**

**MINIMUM CUSTOMER CHARGE** (2) - The minimum charge for water service available through the facilities of the Company for the billing period and for the meter size furnished the customer is:

Meter Size	(AM) Monthly Billing
5/8"	\$8.40
3/4"	\$9.38
1"	\$11.36
1-1/2"	\$16.25
2"	\$22.12
3"	\$37.81
4"	\$55.45
6"	\$104.47
8"	\$163.29
10"	\$241.72
12"	\$320.14

**COMMODITY CHARGE** (2) - In addition to the Minimum Customer Charge, for all water used as registered by the meter the Commodity Charge is \$2.0835 per 100 cubic feet or \$2.7780 per 1,000 gallons.

1 1/2"	34.31	10"	800.44
2"	51.80	12"	1,320.35
3"	92.57		

These rates do not include any municipal, state or federal taxes computed on either billing or consumption basis. Any such taxes applicable shall be added as separate items in rendering each bill.

**Billing**

Bills for water service will be distributed on a monthly basis. The due date on the tariff shall be ten (10) days after the "date of rendition" of the bill to the customer. The customer's bill will be due and payable after this due date. The delinquent date printed on the bill will not be less than twenty-one (21) days after the date of the postmark of the bill. Any accounts remaining unpaid at the expiration of twenty-one (21) days shall be considered delinquent and the Company may take such action as specified in its filed rules and regulations.

AREA SERVED – WATER SERVICE

This tariff shall apply to the service area of the Company, which includes all or part of the following municipalities and all other places as may be permitted by law. This tariff shall also apply to other systems under contract wherever served. Hereafter, and unless otherwise specified herein,

- **Service Area 1** refers to the service area of New Jersey-American Water Company as it existed prior to January 1, 2007;
- **Service Area 2** refers to the service area of the former Elizabethtown Water Company
- **Service Area 3** refers to the service area of the former Mount Holly Water Company
- **Service Area 1A** refers to the service area of the former South Jersey Water Supply Company;
- **Service Area 1B** refers to the service area of the former Pennsgrove Water Supply Company.

Unless otherwise indicated, all municipalities and customers referenced below having no numeric designation next to their names were served by New Jersey-American Water Company as it existed prior to January 1, 2007. All municipalities and customers with a (2) designation next to their names were served by the former Elizabethtown Water Company prior to January 1, 2007, with a (3) designation next to their names were previously served by the former Mount Holly Water Company prior to January 1, 2007, with a (1A) designation next to their names were previously served by the former South Jersey Water Supply Company prior to November 1, 2007, with a, and with a (1B) designation next to their names were previously served by the former Pennsgrove Water Supply Company prior to November 1, 2007. Where a municipality or customer was served by two water companies, service provided by New Jersey-American Water Company as it existed prior to January 1, 2007 shall be identified by a (1) designation.

All municipalities for which the Company provides water service only to a portion of the municipality are reflected by a double asterisk (\*\*) designation.

By: John Bigelow, President  
 131 Woodcrest Road, Cherry Hill, New Jersey 08003  
 Filed pursuant to Order of the Board of Public Utilities entered in  
 Docket No. WR08020010 dated December 8, 2008.

**RATE SCHEDULE A-1**  
**GENERAL METERED SERVICE**

**APPLICABILITY**

Applicable for general metered residential, commercial, industrial, and municipal service throughout Service Area 1 served by the Company, except as specifically provided elsewhere in this tariff. The charge for general metered service shall consist of the total of the Fixed Service Charge, the Water Charge and the Purchased Water Adjustment Clause (PWAC) Charge, as shown on Rate Schedule O-1.

**CHARACTER OF SERVICE**

Continuous, except as limited by the "Standard Terms and Conditions."

**FIXED SERVICE CHARGE**

All general metered water service customers shall pay a fixed service charge based on the size of each meter installed by the Company. Customers with multiple meters shall be charged for each meter at the indicated rate. Whenever service is established or is discontinued, all applicable fixed charges shall be prorated to the date of establishment or discontinuance of service.

Size of Meter	Non-Exempt		Exempt	
	Per Month	Per Quarter	Per Month	Per Quarter
5/8"	\$ 9.00	\$ 27.00	\$ 7.76	\$ 23.28
3/4"	13.50	40.50	11.64	34.92
1"	22.50	67.50	19.41	58.23
1 1/2"	45.00	135.00	38.81	116.43
2"	72.00	216.00	62.10	186.30
3"	135.00	405.00	116.43	349.29
4"	225.00	675.00	194.05	582.15
6"	450.00	1,350.00	388.11	1,164.33
8"	720.00	2,160.00	620.97	1,862.91
10"	900.00	2,700.00	776.22	2,328.66
12"	1,125.00	3,375.00	970.27	2,910.81
16"	1,800.00	5,400.00	1,552.44	4,657.32

**WATER CHARGE**

In addition to the Fixed Service Charge set forth above, a charge will be made for all water used as registered by the meter.

	Gallons Per Month	Gallons Per Quarter	Rate* Per 100 Gallons	Rate* Per 1,000 Gallons
Non-Exempt	All	All	\$ 0.53825	\$ 5.3825
Exempt	All	All	\$ 0.46424	\$ 4.6424

	Cubic Feet Per Month	Cubic Feet Per Quarter	Rate* Per 10 Cubic Feet	Rate* Per 100 Cubic Feet
Non-Exempt	All	All	\$ 0.402611	\$ 4.02611
Exempt	All	All	\$ 0.347252	\$ 3.47252

**TERMS OF PAYMENT**

Valid bills for general metered water service furnished under this schedule will be rendered in arrears, either quarterly or monthly at the option of the Company, and are due fifteen (15) days from the date of the postmark on the envelope in which the bill was transmitted. All bills shall list a due date. Thereafter, the Company may not discontinue water service unless written notice is provided giving the customer at least ten (10) days notice prior to the proposed discontinuance. The 10 days shall begin on the postmark date of the notice. N.J.A.C. 14:3-3A.3.

**SPECIAL PROVISION**

\*Non-Exempt consumption charges reflect a water tax of \$.01 per 1,000 gallons (\$.00748 per 100 cubic feet) of water consumed pursuant to N.J.S.A. 58:12A-21(a). Exempt consumption charges reflect a water tax of \$.01 multiplied by 0.8625 per 1,000 gallons. This water tax is not applicable for sales for resale service.

TERMS OF PAYMENT

Valid bills for general metered water service furnished under this schedule will be rendered in arrears, either quarterly or monthly at the option of the Company, and are due fifteen (15) days from the date of the postmark on the envelope in which the bill was transmitted. All bills shall list a due date. Thereafter, the Company may not discontinue water service unless written notice is provided giving the customer at least ten (10) days notice prior to the proposed discontinuance. The 10 days shall begin on the postmark date of the notice. N.J.A.C. 14:3-3A.3.

Filed pursuant to Order of the Board of Public Utilities entered in  
Docket No. WR08020010 dated December 8, 2008.

**RATE SCHEDULE A-5**  
**GENERAL METERED SERVICE**

**APPLICABILITY**

Applicable for general metered residential, commercial, industrial and municipal service to customers served by the Company in the Borough of Manville, Somerset County (formerly served by the Borough of Manville Water Utility) located in Service Area 2, except as specifically provided elsewhere in this tariff. The charge for general metered service shall consist of the total of the Fixed Service Charge, the Water Charge and the Purchased Water Adjustment Clause (PWAC) Charge, as shown on Rate Schedule O-1.

**CHARACTER OF SERVICE**

Continuous, except as limited by the "Standard Terms and Conditions."

**FIXED SERVICE CHARGE**

All general metered water service customers shall pay a fixed service charge based on the size of each meter installed by the Company. Customers with multiple meters shall be charged for each meter at the indicated rate. Whenever service is established or is discontinued, all applicable fixed charges shall be prorated to the date of establishment or discontinuance of service.

Size of Meter	Non-Exempt		Exempt	
	Per Month	Per Quarter	Per Month	Per Quarter
5/8"	\$ 9.00	\$ 27.00	\$ 7.76	\$ 23.28

## SERVICE CLASSIFICATION NO. 2

Applicable to the Use of Service for:

Private Fire Hydrant Service when the existing facilities (mains, etc.) of the Company are adequate for supply, and where the hydrant is to be used for fire purposes only.

Character of Service:

Continuous

Rate: \$642.45 per hydrant per year

Terms of Payment:

Upon acceptance of customer's application for service, a sum of \$642.45 is to be paid covering the first year of service, and thereafter \$642.45 is to be paid annually in advance.

A late payment charge of 1.5% per month will be assessed on the balance of any bill for service which has not been paid in full within 20 calendar days of the date payment was due.

Term:

Five years minimum, thereafter until cancelled by 60 days written notice.

The above rates are subject to the state and applicable local gross revenue taxes as set forth in the current tax statements with this Schedule.

### SERVICE CLASSIFICATION NO. 3

Applicable to the Use of Service for: Lawn Sprinkler Service

- A. Lawn Sprinkler Systems supplied by an existing service line installed prior to March 15, 1947 which supplies both lawn sprinkling systems and general service.
- B. Lawn Sprinkler Systems installed on or after March 15, 1947.

Character of Service: Seasonal (May 1<sup>st</sup> through October 31<sup>st</sup>)  
See Section VII for Lawn Sprinkler responsibility and details.

Rates: Metered

For all quantities used in each season, the following rate applies: \$4.2908 per 1,000 gallons.

Customer Service Charge  
Season: May 1<sup>st</sup> to October

<u>31<sup>st</sup></u> <u>Meter Size</u>	<u>Per Season</u>
1"	\$135.88
1½"	240.39
2"	276.12

#### TERMS OF PAYMENT:

New Service: Service construction costs, inspection fee and non-refundable Customer Service Charge are payable upon acceptance of Application for Service. If a new service is installed during the season, the Customer Service Charge will be applied on a prorated basis. Thereafter, the Customer Service Charge is payable in advance before service is connected for the season.

Existing Services: A Customer Service Charge is payable in advance before service is connected for the season. The Customer Service Charge shall be prorated for customers not taking lawn sprinkler service for the entire season. Whenever a customer has been found to have activated their lawn sprinkler service without having paid the appropriate Customer Service Charge in advance, the Customer Service Charge will be retroactive to May 1<sup>st</sup>.

Charge for water consumed is payable upon presentation of bill. A late payment charge of 1.5% per month will be assessed on the balance of any bill for service which has not been paid in full within 20 calendar days of the date payment was due.

Meters may be read monthly, quarterly or seasonally at the option of the Corporation. The above rates are subject to the state and applicable local gross revenue taxes as set forth in the current tax statements with this Schedule.

**GENERAL WATER SERVICE LARGE QUANTITY USERS****Available For**

All new and existing general water service customers (1) whose average consumption exceeds 1,200,000 cubic feet (9,000,000 gallons) per month, regardless of meter size, (2) are located adjacent to a water distribution main that is adequate and suitable for supplying the requested service, and (3) who agree to be bound by the terms of this tariff sheet for an initial period of twelve months.

**Special Terms and Conditions**

In order to qualify for the water rates provided on this sheet, the customer agrees:

- 1) To establishment of an Annual Base Period water usage level for one-year pricing purposes that is equal to the average of the customer's most recent two calendar years' total water purchases, or for new customers, from estimates agreed to by the customer and the company;
- 2) To guarantee to purchase, or pay for, on a monthly basis and as a Minimum Monthly, an amount of water equal to 6% per month of the Annual Base Period water usage level, as determined above;
- 3) That the cost of Minimum Monthly purchases shall be determined as of the date service commences under this tariff, and shall be priced at the current General Water Service volumetric rates for such purchase levels;
- 4) That water purchases under this tariff shall be for an initial period of twelve months, but may be continued under this tariff (with annual review and reestablishment, when appropriate, of the customer's Annual Base Period water usage level) unless terminated by either party after thirty days' advance written notice. Water purchases under this tariff may be adjusted for succeeding tariff pricing changes; however, all such tariff pricing changes will only be changed under direction of the Public Utilities Commission of Ohio;
- 5) When a customer elects to avail itself of this tariff, such customer shall remain so classified for a period of at least twelve months. Should such customer elect to leave this tariff, it shall not again be permitted to avail itself of this tariff until at least twelve months have elapsed but, during such period, such customer shall obtain service under the regular tariff for General Water Service; and
- 6) That other general terms and conditions of water service in effect shall also be effective for service under this tariff sheet.

**Water Rates**

Monthly water purchases in excess of the Minimum Monthly purchase levels described in item (2) above, which do not exceed the monthly average usage of the Annual Base Period water usage level by more than two times, will be priced at a rate of \$1.90 per hundred cubic feet. The softening surcharge set forth in the General Water Service tariffs for customers in the Marion District-Marion County will be added to the rate per hundred cubic foot previously stated, for customers in that District.

Monthly water purchases, which exceed the monthly average usage of the Annual Base Period water usage, level, as described in item (1) above, by more than two times, will be paid for at the volumetric rates applicable for General Water Service.

Issued: May 19, 2010

Effective: May 19, 2010

Filed under authority in  
Case No. 09-391-WS-AIR  
ISSUED BY: DAVID K. LITTLE, PRESIDENT  
Ohio American Water Company  
365 East Center Street, Marion, Ohio 43302

**PRIVATE FIRE SERVICE**

The rates for private fire service are based upon the size of the service, and no additional charges will be made for fire hydrants, hose connections, sprinkler systems, or standpipes connected to and supplied by such private fire services.

<u>Size of Service</u>	<u>Rate Per Month</u>	<u>Rate Per Annum</u>
2" Diameter & smaller	\$8.78	\$105.36
2-1/2" Diameter	\$13.77	\$165.24
3" Diameter	\$19.76	\$237.12
4" Diameter	\$35.10	\$421.20
6" Diameter	\$79.04	\$948.48
8" Diameter	\$140.56	\$1,686.72
10" Diameter	\$219.60	\$2,635.20
12" Diameter	\$316.21	\$3,794.52

This Private Fire Service rate applies to all Ohio American Water Company Customers. At the inception of this revised tariff provision, current Private Fire Service customers in Franklin and Portage Counties will remain on the grandfathered sprinkler head rate of \$1.0700 per month if the service line rate would produce a higher rate to the customer than the sprinkler head rate. Customers will be entitled to receive the grandfathered rate only as long as the customer receives the same private fire service as received at the time the sprinkler head rate was grandfathered. Eligible customers in Franklin and Portage Counties will continue to pay the grandfathered rate of \$1.0700 per sprinkler head until the Commission sets a different rate or the rate is eliminated.

For The Residential Class

UNMETERED RATES

All charges will be billed monthly in accordance with the following schedule of rates.

**Charges: (I)**

Residential customers added through acquisitions, which do not have a meter on the date of closing, will be charged a monthly rate for service of \$46.14. Upon installation of a meter, each customer will be charged a service charge based on the size of meter required to render adequate service along with a charge for consumption usage based upon the applicable Rate Zone's metered rates in effect for the residential class.

PENNSYLVANIA-AMERICAN WATER COMPANY

Canceling 3rd Revised Page 9D

RIDER DIS - DEMAND BASED INDUSTRIAL SERVICE

**Applicability.**

Throughout the territory served under this tariff.

**Availability.**

This rider is available to a customer that:

- (1) purchases water from the Company for industrial purposes;
- (2) enters into a Service Agreement for a term of not less than 2 years;
- (3) during the original and any renewal terms of the Service Agreement, agrees to purchase an average of 20 million gallons of water per month at a daily load factor of not less than 0.60; and
- (4) has a viable competitive alternative to service from the Company and intends to select that alternative to the detriment of the Company and its other customers.

The Company shall require documentation to establish, to the Company's satisfaction, the existence of a competitive alternative. The Company will require updates of competitive alternatives every five years. Such documentation may include, but is not limited to, an affidavit of the customer or, if the customer is a corporation, an affidavit of one or more of its officers. (C)

**Rate.**

The rate(s) to be charged qualifying customers under this rider will be as set forth in the Service Agreement, provided, however, that such rate(s): (1) shall not exceed the Maximum Rate; (2) shall not be less than the Minimum Rate; and (3) shall be subject to an Escalation Clause, as hereafter defined.

Maximum Rate: The Maximum Rate shall be the charges specified in the Company's Rate Schedule that would otherwise apply to the qualifying customer absent this rider.

Minimum Rate: The Minimum Rate shall be sufficient to recover: (1) the Production Cost of Water; (2) the fixed costs (depreciation and pre-tax return) associated with all new facilities added to serve the customer; and (3) some portion of the fixed costs of the Company's other facilities. For purposes of this rider, the Production Cost of Water shall be the variable cost the Company incurs to produce additional treated water, which consists of expenses for electric power, chemicals and purchased water.

Escalation Clause: The rate set forth in the Service Agreement shall be subject to an Escalation Clause, during the original and any renewal terms of the Service Agreement, based upon changes in published price indices and/or changes in the Company's cost of service, as the Company and the qualifying customer shall agree.

Filing With The Pennsylvania Public Utility Commission/Confidentiality: Service Agreements entered into between the Company and qualifying customers under this rider shall be filed with the Commission on a confidential basis within five (5) days of their execution and shall not be subject to disclosure except by Petition made to and granted by the Commission pursuant to 52 Pa. Code §1.74 and the Commission's Order entered June 6, 1996 at Docket No. R-00943231. However, as required by that Order, the Company shall provide copies of such Service Agreements to the Pennsylvania Office of Consumer Advocate ("OCA") contemporaneously with their filing with the Commission, subject to the OCA's execution of a Confidentiality Agreement.

RIDER DRS - DEMAND-BASED RESALE SERVICE

**Applicability.**

Throughout the territory served under this tariff.

**Availability.**

This rider is available to a customer that:

- (1) purchases water from the Company for resale;
- (2) enters into a Service Agreement for a term of not less than 10 years;
- (3) during the original and any renewal terms of the Service Agreement, agrees to maintain a daily load factor of not less than 0.75; and
- (4) has a viable competitive alternative to service from the Company and intends to select that alternative to the detriment of the Company and its other customers.

The Company shall require documentation to establish, to the Company's satisfaction, the existence of a competitive alternative. Such documentation may include, but is not limited to, an affidavit of the customer or, if the customer is a corporation, an affidavit of one or more of its officers.

**Rate.**

(C)

The rate(s) to be charged qualifying customers under this rider will be as set forth in the Service Agreement, provided, however, that such rate(s): (1) shall not exceed the Maximum Rate; (2) shall not be less than the Minimum Rate; and (3) shall be subject to an Escalation Clause, as hereafter defined.

Maximum Rate: The Maximum Rate shall be the charges specified in the Company's Rate Schedule that would otherwise apply to the qualifying customer absent this rider.

Minimum Rate: The Minimum Rate shall be sufficient to recover: (1) the Production Cost of Water; (2) the fixed costs (depreciation and pre-tax return) associated with all new facilities added to serve the customer; and (3) some portion of the fixed costs of the Company's other facilities. For purposes of this rider, the Production Cost of Water shall be the variable cost the Company incurs to produce additional treated water, which consists of expenses for electric power, chemicals and purchased water.

Escalation Clause: The rate set forth in the Service Agreement shall be subject to an Escalation Clause, during the original and any renewal terms of the Service Agreement, based upon changes in published price indices and/or changes in the Company's cost of service, as the Company and the qualifying customer shall agree.

Filing With The Pennsylvania Public Utility Commission/Confidentiality: Service Agreements entered into between the Company and qualifying customers under this rider shall be filed with the Commission on a confidential basis within five (5) days of their execution and shall not be subject to disclosure except by Petition made to and granted by the Commission pursuant to 52 Pa. Code §1.74 and the Commission's Order entered June 6, 1996 at Docket No. R-00943231. RATE EGS - ELECTRIC GENERATION SERVICE

**Applicability.**

Throughout the territory served under this tariff.

**Availability.**

This rate is available to the electric generating facilities of a customer that:

- (1) is engaged in the business of generating electric power for sale to the public or to public utilities;
- (2) enters into a Service Agreement for a term of not less than 10 years;
- (3) agrees to purchase at least 20 million gallons of water per month;

and

- (4) has a viable competitive alternative to service from the Company and intends to select that alternative to the detriment of the Company and its other customers.

The Company shall require documentation to establish, to the Company's satisfaction, the existence of a competitive alternative. Such documentation may include, but is not limited to, an affidavit of the customer or, if the customer is a corporation, an affidavit of one or more of its officers.

**Rate.**

(C)

The rate(s) to be charged qualifying customers under this rider will be as set forth in the Service Agreement, provided, however, that such rate(s): (1) shall not exceed the Maximum Rate; (2) shall not be less than the Minimum Rate; and (3) shall be subject to an Escalation Clause, as hereafter defined.

**Maximum Rate:** The Maximum Rate shall be the charges specified in the Company's Rate Schedule that would otherwise apply to the qualifying customer absent Rate EGS.

**Minimum Rate:** The Minimum Rate shall be sufficient to recover: (1) the Production Cost of Water; (2) the fixed costs (depreciation and pre-tax return) associated with all new facilities added to serve the customer; and (3) some portion of the fixed costs of the Company's other facilities. For purposes of this rider, the Production Cost of Water shall be the variable cost the Company incurs to produce additional treated water, which consists of expenses for electric power, chemicals and purchased water.

**Escalation Clause:** The rate set forth in the Service Agreement shall be subject to an Escalation Clause, during the original and any renewal terms of the Service Agreement, based upon changes in published price indices and/or changes in the Company's cost of service, as the Company and the qualifying customer shall agree.

**Filing With The Pennsylvania Public Utility Commission/Confidentiality:** Service Agreements entered into between the Company and qualifying customers under this rider shall be filed with the Commission on a confidential basis within five (5) days of their execution and shall not be subject to disclosure except by Petition made to and granted by the Commission pursuant to 52 Pa. Code §1.74 and the Commission's Order entered June 6, 1996 at Docket No. R-00943231. Schedule of Rates Applicable to All Rate Zones  
For Qualifying Low-Income Customers

Tariff Qualifications

In order to qualify to be billed under this tariff, a customer must meet the low-income criteria of 150% based on the Federal Poverty Level. After qualifying to be billed under this tariff, customers must continually make timely payments on the discounted bills.

Rates for Service

The rates for the service charge or minimum bill under this tariff will be 35% of the prevailing service charge or minimum bill in the rate zone where service is received. (C)

The rate for water usage shall be billed at the existing rates applicable to the rate zone where service is received.

SCHEDULE OF RATES APPLICABLE TO RATE ZONE 36

POCONOS FARMS COMMUNITY ASSOCIATION

Metered Rates

All water supplied by the Company for any and all purposes, shall be metered as hereinafter set forth. All meters shall be billed monthly and the water used shall be paid for in accordance with the following schedule of rates.

Service Charge

All metered customers shall be subject to a monthly service charge, based on the size of meter required to render adequate service.

<u>Size of Meter</u>	<u>Service Charge Per Month Except Other Water Utilities</u>
5/8 inch	\$ 15.00 (D)
2 inch	60.00 (I)

Consumption Charge (I)

The following shall be the rates at which water will be furnished to residential and commercial customers. The rates shall apply per 100 gallons.

Residential

All Usage \$ .4650

Commercial

The first 16,000 \$ .4650  
All over 16,000 .3565

**Private Fire Service For All Customers Unless Otherwise Listed**

The following schedule of rates applies to any existing unmetered private fire service customer who continues to utilize the service connection solely for fire prevention purposes. Whenever, inspection of consumption detection devices on the service line or other investigative measures, indicate the service connection is being utilized for purposes other than fire protection, the Company will require the installation of a meter of appropriate size, and shall charge for service at the rates set forth under the Company's metered private fire service.

Size of Connection with Main	Minimum Per Month
1-1/4"	\$ 3.42

Qualified Private Fire Hydrants

Service under this classification is subject to regulations set forth in section 2.9 "Qualified Private Fire Hydrants".

Qualified Private Fire Hydrants	\$24.90 per month
Private Fire Hydrants - Nittany	\$12.40 per month (C)

Bills for Unmetered Private Fire Service and Qualified Private Fire Hydrants and Nittany Private Fire Hydrants will be rendered monthly in arrears.

**Metered Private Fire Service For All Customers Unless Otherwise Listed**

The following schedule of meter rates will apply to existing private fire services that were unmetered and subsequently became metered.

However, if the service is utilized as a general water service line as indicated by a continuing use of water in excess of 10,000 gallons per month for a period of three or more consecutive months, the customer shall be transferred to the Company's general service rate schedule and the minimum rate by size of meter will apply to this service in addition to the consumption charged.

Public Fire Service

Service under this classification is subject to regulations set forth in Section No. 8 "Public Fire Hydrants".

Replacement of existing public fire hydrants with Company owned public fire hydrants will in all circumstances be charged at a rate of \$240.00 per annum or \$20 per month unless stated otherwise below.

The annual charge for each public fire hydrant is \$240.00 per annum or \$20.00 per month except as noted below:

All hydrants added after January 1, 2000, will be billed at 25% of the cost of service or \$11.85 per month.

<u>Municipalities</u>	<u>Monthly Charge for Each Public Fire Hydrant</u>
Moshannon Valley Area	
Bradford Township for hydrants contracted prior to February 18, 1988	\$ 6.25

Former Nittany Water Company	12.40
Sutton Hills (Jackson Township)	2.37 (C)

PENNSYLVANIA-AMERICAN WATER COMPANY

DISTRIBUTION SYSTEM IMPROVEMENT CHARGE

1. General Description

**Purpose:** To recover the fixed costs (depreciation and pre-tax return) of certain non-revenue producing, non-expense reducing distribution system improvement projects completed and placed in service and to be recorded in the individual accounts, as noted below, between base rate case and to provide the Company with the resources to accelerate the replacement of aging water distribution infrastructure, to comply with evolving regulatory requirements imposed by the Safe Drinking Water Act and to develop and implement solutions to regional water supply problems. The costs of extending facilities to serve new customers are not recoverable through the DSIC. Also, Company projects receiving PENNVEST funding are not DSIC-eligible property.

**Eligible Property:** The DSIC-eligible property will consist of the following:  
(C)

- services (account 333000), meters (account 334100) and hydrants (account 335000) installed as in-kind replacements for customers;
- mains and valves (account 331800) installed as replacements for existing facilities that have worn out, are in deteriorated condition, or upgraded to meet Chapter 65 regulations of Title 52;
- main extensions (account 331800) installed to eliminate dead ends and to implement solutions to regional water supply problems that have been documented as presenting significant health and safety concern for customers currently receiving service from the Company or the acquired Company;
- main cleaning and relining (account 331800) projects and;
- unreimbursed funds related to capital projects to relocate Company facilities due to highway relocations.

**Effective Date:** The DSIC will become effective for bills rendered on and after January 1, 1997.

2. Computation of the DSIC

**Calculation:** The initial charge, effective January 1, 1997, shall be calculated to recover the fixed costs of eligible plant additions that have not previously been reflected in the Company's rate base and will have been placed in service between September 1, 1996, and November 30, 1996. Thereafter, the DSIC will be updated on a quarterly basis to reflect eligible plant addition placed in service during the three-month periods ending one month prior to the effective date of each DSIC update. Thus, changes in the DSIC rate will occur as follows:

<u>Effective Date of Change</u>	<u>Date to which DSIC-Eligible Plant Additions Reflected</u>
April 1	February 28
July 1	May 31
October 1	August 31
January 1	November 30

---

Issued: March 19, 2003

Effective:

April 1, 2003

**PENNSYLVANIA-AMERICAN WATER COMPANY**

**Canceling 3rd and 2nd Rev Page 12B2**

The fixed costs of eligible distribution system improvements projects will consist of depreciation and pre-tax return, calculated as follows:

**Depreciation:** The depreciation expense will be calculated by applying to the original cost of DSIC-eligible property the annual accrual rates employed in the Company's last base rate case for the plant accounts in which each retirement unit of DSIC-eligible property is recorded.

**Pre-tax return:** The pre-tax return will be calculated using the state and federal income tax rates, the Company's actual capital structure and actual cost rates for long-term debt and preferred stock as of the last day for the three-month period ending one month prior to the effective date of the DSIC and subsequent updates. The cost of equity will be the equity return rate approved in the Company's last fully litigated base rate proceeding for which a final order was entered not more than two years prior to the effective date of the DSIC. If more than two years shall have elapsed between the entry of such a final order and the effective date of the DSIC, then the equity return rate used in the calculation will be the equity return rate calculated by the Commission Staff in the latest Quarterly Report on the Earnings of Jurisdictional Utilities released by the Commission. However, pursuant to the Order of the Commission entered December 2, 1999 at Docket No. R-00994638 approving the Joint Petition for Settlement of Rate Investigation filed at that docket, for the duration of the base rate approved by such Order, an equity return rate of 10.2% will be used in lieu of the equity return rate set forth in the aforementioned Quarterly Report on the Earnings of Jurisdictional Utilities. (C)

**DSIC Surcharge Amount:** The charge will be expressed as a percentage carried to two decimal places and will be applied to the total amount billed to each customer under the Company's otherwise applicable rates and charges, excluding amounts billed for public fire protection service and the State Tax Adjustment Surcharge (STAS). To calculate the DSIC, one-fourth of the annual fixed costs associated with all property eligible for cost recovery under the DSIC will be divided by the Company's projected revenue for sales of water for the quarterly period during which the charge will be collected, exclusive of revenues from public fire protection service and the STAS.

**Formula:** The formula for calculation of the DSIC surcharge is as follows:

$$\text{DSIC} = \frac{(\text{DSI} \times \text{PTRR}) + \text{Dep} + e}{\text{PQR}}$$

Where:

- DSI = the original cost of eligible distribution system improvement projects net of accrued depreciation.
- PTRR = the pre-tax return rate applicable to eligible distribution system improvement projects.
- Dep = Depreciation expense related to eligible distribution system improvement projects.
- e = the amount calculated under the annual reconciliation feature as described below.
- PQR = Projected quarterly revenues including any revenue from acquired companies that are now being charged the rates of the acquiring company.

**Quarterly Updates:** Supporting data for each quarterly update will be filed with the Commission and served upon the Office of Trial Staff, the Office of Consumer Advocate and the Office of Small Business Advocate at least ten (10) days prior to the effective date of the update.

### 3. Safeguards

**Cap:** The DSIC will be capped at 7.50% of the amount billed to customers under otherwise applicable rates and charges.

**Audit/Reconciliation:** The DSIC will be subject to audit at intervals determined by the Commission. It will also be subject to annual reconciliation based on a reconciliation period consisting of the twelve months ending December 31 of each year. The revenue received under the DSIC for the reconciliation period will be compared to the Company's eligible costs for that period. The difference between revenue and costs will be recouped or refunded, as appropriate, in accordance with Section 1307 (e), over a one year period commencing on April 1 of each year. If DSIC revenues exceed DSIC-eligible costs, such overcollections will be refunded with interest. Interest on the overcollections will be calculated at the residential mortgage lending specified by the Secretary of Banking in accordance with the Loan Interest and Protection Law (41 P.S. sec. 101, et seq.) and will be refunded in the same manner as an overcollection.

**New Base Rates:** The DSIC charge will be reset at zero upon application of new base rates to customer billings that provide for prospective recovery of the annual costs that had theretofore been recovered under the DSIC. Thereafter, only the fixed costs of new eligible plant additions, that have not previously been reflected in the Company's rate base, would be reflected in the quarterly updates of the DSIC. (C)

**Earning Reports:** The charge will also be reset at zero if, in any quarter, data filed with the Commission in the Company's then most recent Annual or Quarterly Earnings reports show that the Company will earn a rate of return that would exceed the allowable rate of return used to calculate its fixed costs under the DSIC as described in the Pre-tax return section.

**Customer Notice:** Customers shall be notified of changes in the DSIC by including appropriate information on the first bill they receive following any change. An explanatory bill insert shall also be included with the first billing.

---

CLASSIFICATION OF SERVICE

RESIDENTIAL

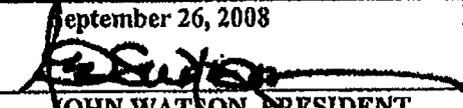

1. Schedule of Rates and Charges Available For:

- a) The General Water Service Tariff is available for public water supply service in all territory served by the Company except that area served by the Lookout Mountain System, Elder Mountain, and territory served in Lakeview and other unincorporated areas in Georgia, east of Rossville.
- b) The Lookout Mountain Tariff is available for public water supply service in the territory served by the Company's Lookout Mountain High Service Area in the town of Lookout Mountain, Tennessee, Lookout Mountain, Georgia, and Elder Mountain, Tennessee.
- c) The Lakeview Tariff is available for public water supply service in the territory served by the Company in Lakeview and other unincorporated areas of Georgia, east of Rossville as indicated on the Service Area Map: TPSC No. 19, Pages 13 and 14.
- (N) d) The Suck Creek Tariff is available for public water supply service in the territory served by the Company in Suck Creek and other unincorporated areas of Marion County formerly served by Suck Creek Utility District.
- (N) e) The Lone Oak Tariff is available for public water supply service in the territory served by the Lone Oak Utility District.

SECTION 1.0 -- RATE SCHEDULE

Section 1.01 - Rates

<u>Meter Size</u>	<u>Monthly Minimum Charge</u>	<u>Gallonge Charge</u>
5/8" or 3/4"	\$20.00 (Includes 0 gallons)	\$3.67 per 1000 gallons 0 to 3,000 gallons
1"	\$85.75	\$4.86 per 1000 gallons 3,001 to 10,000 gallons
1 1/2 "	\$171.50	\$5.77 per 1000 gallons 10,001 gallons thereafter
2"	\$274.50	
3"	\$514.75	
4"	\$858.00	

**Mobile Home Park Rate:**

Base rate of \$211.04 per month including 0 gallons Gallonge rate of \$3.11 per 1,000 gallons

FORM OF PAYMENT: The utility will accept the following forms of payment:

Cash X, Check X, Money Order X, Credit Card X, Other (specify) \_\_\_\_\_

THE UTILITY MAY REQUIRE EXACT CHANGE FOR PAYMENTS AND MAY REFUSE TO ACCEPT PAYMENTS MADE USING MORE THAN \$1.00 IN SMALL COINS. A WRITTEN RECEIPT WILL BE GIVEN FOR CASH PAYMENTS.

REGULATORY ASSESSMENT..... 1.0%

TCEQ RULES REQUIRE THE UTILITY TO COLLECT A FEE OF ONE PERCENT OF THE RETAIL MONTHLY BILL.

Section 1.02 - Miscellaneous Fees

TAP FEE.....\$500.00

TAP FEE COVERS THE UTILITY'S COSTS FOR MATERIALS AND LABOR TO INSTALL A STANDARD RESIDENTIAL 5/8" or 3/4" METER. AN ADDITIONAL FEE TO COVER UNIQUE COSTS IS PERMITTED IF LISTED ON THIS TARIFF.

TAP FEE (Unique costs) .....Actual Cost

FOR EXAMPLE, A ROAD BORE FOR CUSTOMERS OUTSIDE OF SUBDIVISIONS OR RESIDENTIAL AREAS.

TAP FEE (Large meter) .....Actual Cost

TAP FEE IS THE UTILITY'S ACTUAL COST FOR MATERIALS AND LABOR FOR METER SIZE INSTALLED.

METER RELOCATION FEE..... Actual Relocation Cost, Not to Exceed Tap Fee

THIS FEE MAY BE CHARGED IF A CUSTOMER REQUESTS THAT AN EXISTING METER BE RELOCATED.

RATES LISTED ARE EFFECTIVE ONLY  
IF THIS PAGE HAS TCEQ APPROVAL STAMP

TEXAS COMM. ON ENVIRONMENTAL QUALITY  
35998-R, CCN 13114, AUGUST 1, 2009  
APPROVED TARIFF BY 2/1BD

SECTION 1.0 -- RATE SCHEDULE (Continued)

METER TEST FEE .....\$25.00

THIS FEE WHICH SHOULD REFLECT THE UTILITY'S COST MAY BE CHARGED IF A CUSTOMER REQUESTS A SECOND METER TEST WITHIN A TWO-YEAR PERIOD AND THE TEST INDICATES THAT THE METER IS RECORDING ACCURATELY. THE FEE MAY NOT EXCEED \$25.

RECONNECTION FEE

THE RECONNECT FEE MUST BE PAID BEFORE SERVICE CAN BE RESTORED TO A CUSTOMER WHO HAS BEEN DISCONNECTED FOR THE FOLLOWING REASONS (OR OTHER REASONS LISTED UNDER SECTION 2.0 OF THIS TARIFF):

- a) Non payment of bill (Maximum \$25.00).....\$25.00
- b) Customer's request that service be disconnected .....\$50.00

TRANSFER FEE .....\$25.00

THE TRANSFER FEE WILL BE CHARGED FOR CHANGING AN ACCOUNT NAME AT THE SAME SERVICE LOCATION WHEN THE SERVICE IS NOT DISCONNECTED

LATE CHARGE (EITHER \$5.00 OR 10% OF THE BILL) .....\$5.00

TCEQ RULES ALLOW A ONE-TIME PENALTY TO BE CHARGED ON DELINQUENT BILLS. A LATE CHARGE MAY NOT BE APPLIED TO ANY BALANCE TO WHICH THE PENALTY WAS APPLIED IN A PREVIOUS BILLING.

RETURNED CHECK CHARGE .....\$20.00

RETURNED CHECK CHARGES MUST BE BASED ON THE UTILITY'S DOCUMENTABLE COST.

CUSTOMER DEPOSIT RESIDENTIAL (Maximum \$50).....\$50.00

COMMERCIAL & NON-RESIDENTIAL DEPOSIT..... 1/6TH OF ESTIMATED ANNUAL BILL

GOVERNMENTAL TESTING, INSPECTION AND COSTS SURCHARGE:

WHEN AUTHORIZED IN WRITING BY TCEQ AND AFTER NOTICE TO CUSTOMERS, THE UTILITY MAY INCREASE RATES TO RECOVER INCREASED COSTS FOR INSPECTION FEES AND WATER TESTING. [30 TAC 291.21(K)(2)]

LINE EXTENSION AND CONSTRUCTION CHARGES:

REFER TO SECTION 3.0--EXTENSION POLICY FOR TERMS, CONDITIONS, AND CHARGES WHEN NEW CONSTRUCTION IS NECESSARY TO PROVIDE SERVICE.

RATES LISTED ARE EFFECTIVE ONLY  
IF THIS PAGE HAS TCEQ APPROVAL STAMP

MONTHLY GROUNDWATER REDUCTION PLAN FEE PASS THROUGH PROVISION:

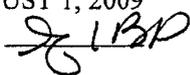

This Groundwater Reduction Plan (GRP) Fee Surcharge applies only to the Greenwood Village, Colonial Hills, and Bertrand Water Systems and represents an automatic pass-through of actual costs levied by the City of Houston under the Groundwater Reduction Plan (GRP) required by the Harris-Galveston Coastal Subsidence District. The GRP fees charges by the City of Houston will be charged monthly based on well pumpage and will be passed through directly to each customer served by the wells affected by the GRP and shown as a separate line item on the bill. The GRP fee monthly charge amount will be set once a year. The amount collected from customers will be accounted for in a separate balancing account. At the end of one year, any overage or underage will be estimated and applied as a credit or debit to the next year's GRP fee monthly charge based on the latest billing information from the City of Houston and the estimated usage per customer in each of the three subdivisions.

GRP Fee Charge per Monthly Connection = (GRP Fee per 1000 gallons) x (Total Usage in billing period in 1000 gallon units)

GRP Fee per 1000 gallons usage by customers =  $(Q \times R \times P) / GS$ , where:

- Q = Quantity of groundwater pumped (in Greenwood Village, Colonial Hills and Bertrand systems) in billing period in 1000 gallons.
- R = Groundwater Reduction Plan Fee per 1000 gallons pumped (\$1.34 per 1000 gals. as of September 1, 2004, but subject to increase by City of Houston).
- P = Percentage factor as set by City of Houston (30% as of September 1, 2004, but subject to increase by City of Houston).
- GS = Total gallons billed (in Greenwood Village, Colonial Hills and Bertrand water systems) during billing period in 1000 gallons.

RATES LISTED ARE EFFECTIVE ONLY  
IF THIS PAGE HAS TCEQ APPROVAL STAMP

Filed: October 31, 2008

Effective: December 1, 2008  
(Rates originally went into effect on 7/08/08 subject to refund)

**VIRGINIA-AMERICAN WATER COMPANY**

Alexandria District

Water - S.C.C. Va. No. 12

Original Page No. 2

---

**METER RATES (Continued)**

A multiple unit housing development owned by an individual, partnership or corporation other than a governmental authority where each and every unit in the development has at all times the same common owner, is located on a single site composed of one or more contiguous parcels; where the housing development owns, maintains and operates all lines of pipe for the distribution of water within the site; and where the housing development furnishes water to its tenants as part of the considerations for the rent charged and does not install, maintain or operate water meters for the sub-metering of water service; where the housing development enters into a special contract with the Company, with such guarantee as may be satisfactory to the Company, to pay to the Company, a minimum of \$5,000 per month for water service to said premises; at the regularly established rates of the Company.

Meters, except those installed on private fire connections or sewer exempt meters will be furnished, installed and removed by the Company and shall remain its property.

When meters are installed for the purpose of allowing customers to use water and be exempt from sewer charges, the customer shall provide a meter and installation at his expense; however, the meter location and type must be approved by the Water Company.

Turn-on and shut-off charges during normal scheduled working hours will be \$ 25.00.

An additional charge of \$ 25.00 will be made for all returned checks tendered.

RIDER A

Purchased Water Surcharge

The rates charged for water in the Alexandria and Prince William Districts are subject to fluctuation in accordance with the following formula:

1. On December 1 of each year (and during the month in which this adjustment becomes effective), the Company shall compute a Purchased Water Surcharge in the following manner:

P1 = The Cost of water to be paid by the Company to Fairfax County Water Authority on estimated purchases during the succeeding year, taking into account all proposed charges.

P2 = The number of gallons used in the computation made pursuant to P1 above priced at 43.2¢ per 1,000 gallons in the case of the Alexandria District and 32¢ per 1,000 gallons in the case of the Prince William District.

S = Estimated sales in 1,000 gallons during such succeeding year (or remainder of the first year.)

T = The sum of the state and local gross receipts tax rates (expressed as a percentage) to be effective during the next succeeding year (or remainder of the first year).

The surcharge per 1,000 gallons is computed as follows:

$$\frac{(P1 - P2)}{(S)} * \frac{(1)}{(1 - T)} = \text{Purchases Water Surcharge}$$

The surcharge shall be computed separately for the Alexandria and Prince William Districts.

**VIRGINIA-AMERICAN WATER COMPANY**

**Alexandria District  
Prince William District**

**Water - S.C.C. Va. No. 12  
Original Page No. 7**

---

The computation shall be submitted to the Commission and, unless disapproved because of incorrect calculations, shall be applied to all bills rendered after January 1 of the succeeding year.

2. On or before June 1 of each year beginning in 1990, the Company shall submit to the Commission a Purchased Water Adjustment Factor as follows:

A = The amount charged or credited to the Company by Fairfax County Water Authority because the actual amount of charges was greater or less than the estimated amount used in the computation of bills rendered during the preceding calendar year.

B = The amount over or under collected in the previous years Purchased Water Adjustment Factor, excluding gross receipts taxes (True-up Mechanism).

C = The estimated number of gallons expressed in 1,000 gallon terms to be sold by the Company from June 1 through December 31 of the current year.

T = The sum of the state and local gross receipt tax rates (expressed as a percentage) to be effective during the current year.

The additional surcharge or credit (Purchased Water Adjustment Factor) is computed as follows:

$$\frac{(A + B) * \frac{1}{(1 - T)}}{C} = \text{Purchased Water Adjustment Factor}$$

This computation shall be made separately for the Alexandria and Prince William Districts.

**VIRGINIA-AMERICAN WATER COMPANY**

**Alexandria District
