AZ CORP COMMISSION
DOCKET CONTROL

IN THE MATTER OF THE APPLICATION OF
COMMUNITY WATER OF GREEN VALLEY
FOR A DETERMINATION OF THE CURRENT
FAIR VALUE OF ITS UTILITY PROPERTY AND
FOR AN INCREASE IN ITS WATER RATES
AND CHARGES FOR UTILITY SERVICES

DOCKET NO. W-02304A-08-0590

NOTICE OF FILING
COMPLIANCE

Decision No. 71478 (dated February 3, 2010) requires Community Water Company of Green Valley ("CWCGV") to file in Docket Control as a compliance item, 120 days of the effective date of this Decision, at least five Best Management Practices ("BMP's") (as outlined in ADWR's Modified Non-Per Capita Conservation Program) for Commission consideration. Accordingly, Community Water Company of Green Valley ("CWCGV") provides notice that it has also filed its Best Management Practices ("BMP's") as part of its application for approval of a surcharge in -- Docket No. W-02304A-10-0220.

RESPECTFULLY SUBMITTED this 4th day of June, 2010.

By 
Jason D. Gellman
ROSHKA DEWULF & PATTEN, PLC.

Adult Education and Training Programs – BMP 2.1

Purpose

The purpose is to help users better understand how to conserve water through written and hands-on training in water conservation tools and techniques.

(Modified Non-Per Capita Conservation Program BMP Category 2: Conservation and Education)

Requirements

CWCGV will continue to sponsor and implement adult education and training programs. The programs will include a combination of efforts to provide adults within CWCGV's service area hands-on training. This includes regularly scheduled workshops for homeowners, a speaker's bureau, and training programs for landscape professionals. The program is targeted toward homeowners and landscape professionals.

The requirements of this tariff sheet are governed by the Rules of the Arizona Corporation Commission and were adapted from the Arizona Department of Water Resources as stated in its Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

Issued: [DATE]

Effective: [DATE]

ISSUED BY:

Arturo Gabaldon, President
Community Water Company of Green Valley
1501 S. La Canada Drive
Green Valley, AZ 85614

New Homeowner Landscape Information – BMP 2.3

Purpose

The purpose is to make low water use landscape information packets available to all new owners of newly constructed homes and to new owners of existing homes (resale) through standardized welcome kits.

(Modified Non-Per Capita Conservation Program BMP Category 2: Conservation and Education)

Requirements

CWCGV will continue to provide low water use landscape information through welcome kits to 100% of customers who request them. CWCGV will record the number of these welcome kits provided to customers and provide reports when requested.

The requirements of this tariff sheet are governed by the Rules of the Arizona Corporation Commission and were adapted from the Arizona Department of Water Resources as stated in its Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

Leak Detection Program and Surcharge – BMP 4.1

Purpose

This program is to ensure that the water system is running at optimal efficiency (maintenance) and to improve water use efficiency in the physical water system by making one or more physical system improvements.

(Modified Non-Per Capita Conservation Program BMP Category 4: Physical System Evaluation and Improvement)

Requirements

CWCGV will implement a systematic evaluation of its water distribution system to identify and fix leaks. CWCGV will implement the program throughout its service area and focus on those portions of the service area likely to yield the highest potential for water savings.

- Bids will be taken for a thorough evaluation of potential leaks in the system
- Recommendations for improvements and acquisition of specialty tools will be evaluated.

CWCGV will employ the use of new and emerging technologies and practices to detect and repair leaks.

The requirements of this tariff sheet are governed by the Rules of the Arizona Corporation Commission and were adapted from the Arizona Department of Water Resources as stated in its Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

Leak Detection Program and Surcharge – BMP 4.1 (Continued)

Conservation Surcharge

Applicability – Applicable to all Community Water Company of Green Valley Customers throughout its service territory.

Rate – A \$1.00 surcharge per month per customer to commence [DATE].

Conditions

1. The Conservation Surcharge will be exclusively used toward identification and repair of leaks on an expedited basis.
2. CWCGV will use the surcharge in part to use and deploy emerging technologies to meet the goal of identifying and repairing leaks.

Evaluate New and Emerging Technologies and Practices – BMP 7.3

Purpose

As part of its program to identify and repair leaks on an expedited basis, the purpose of this program is to employ new and emerging technologies and practices to detect and repair leaks more efficiently and thoroughly. This includes CWCGV's intent to explore the feasibility of implementing new practices including that used by Kirtland Air Force Base to detect and repair leaks – and the use of new technologies including the use of advanced leak noise loggers.

(Modified Non-Per Capita Conservation Program BMP Category 7: Research/Innovation Program).

Requirements

CWCGV will evaluate new practices and technologies used toward detecting and repairing leaks. CWCGV will document the objectives of the evaluation, methods used to conduct the evaluation and results of the investigation. Any documentation will be made available for public distribution.

The requirements of this tariff sheet are governed by the Rules of the Arizona Corporation Commission and were adapted from the Arizona Department of Water Resources as stated in its Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.

Development of Industry Partnerships – BMP 7.6

Purpose

The purpose is to encourage and implement a collaborative effort and focus the activities on a variety of activities designed to save water.

(Modified Non-Per Capita Conservation Program BMP Category 7: Research/Innovation Program).

Requirements

CWCGV will continue to contract and fund its membership in the Southern Arizona Water Conservation Alliance of Southern Arizona (WaterCASA). WaterCASA is a partnership of other water utilities, whose objectives and ongoing efforts and planning for the future are reported on their web page <http://www.watercasa.org>. CWCGV is a founding member of WaterCASA.

The requirements of this tariff sheet are governed by the Rules of the Arizona Corporation Commission and were adapted from the Arizona Department of Water Resources as stated in its Required Public Education Program and Best Management Practices in the Modified Non-Per Capita Conservation Program.
