Re: Reporting Requirements from TEP Code of Conduct, Docket No. E-01933A-98-0471 ET AL., Decision No. 62767

*RE-00000C-94-0165*

Dear Ms. Scott:

Please find one original and ten copies of Tucson Electric Power Company's (TEP) report detailing responses to the Reporting Requirements in section nine of TEP's Code of Conduct approved by Decision No. 62767.

**IX. Reporting Requirements**

TEP shall submit the following information to the Commission on an annual basis:

- A. A list of all Extraordinary Circumstances excusing TEP's compliance with this Code of Conduct and a report explaining the nature, cause, and duration of each incident.

Response: There are no Extraordinary Circumstances to report.

- B. A report detailing the costs associated with all nontariffed transactions between TEP and its Competitive Electric Affiliates, with the associated costs reported separately for each business activity and for each transaction.

Response: There were no nontariffed transactions between TEP and it's competitive electric affiliate to report.

- C. A report detailing how many non-Standard Offer Service customers were provided metering services or meter reading services pursuant to R14-2-1615.B and how many Electric Service Providers received consolidated billing services from TEP pursuant to R14-2-1615.B.

Response: TEP had nineteen (19) Direct Access customers that received metering services and meter reading services during 2001. TEP had one Energy Service Provider certified in TEP's Service Area during 2000 and 2001. The ESP elected to have TEP pass our charges on to them (ESP Consolidated Billing) rather than having TEP bill on behalf of the ESP (UDC Consolidated Billing). As of April 1<sup>st</sup> all nineteen Customers have returned to TEP Standard Offer Service.

If Staff has questions regarding this report, please contact me at 520-745-3422.

Best regards,

David Couture  
Director, Regulatory Affairs
