Comments: This proposal is completely unfair to the pepole of the sun citys, why should we have to pay more for our water and help the pepole of Anthem lower there rates, they chose to live at Anthem nobody forced them to. The Corporation Commission has to take into consideration those facts and also a lot of Sun City residents are just getting by now on there fixed income, as we all know none of us even got an increase in our Social security nor will we get one next year either. Please reconcider your thoughts on this issue, thank you.
