DOCKETED BY *CR*

Dear Sir or Madam:

I am concerned about the siting of the APS transmission lines in the west valley. My family corporation has owned property at the corner of Camelback and Citrus since the early 1950's and we are developing it now.

We request that you approve the proposed transmission line route and not the alternate route. The proposed route goes through land that cannot be developed at this time due to the restricted air space around Luke Air Force Base. The alternate route goes close to and through land that is currently being developed for homes.

Thank you.

Sincerely

John C. Badley
