Gentlemen: -- Ref: Installation of 230 KV lines along  
Olive Ave. west Rte 303 in Waddell, AZ.

To introduce myself: - - Warren M. Guard, owner of 10  
acres, contingent to and occupying the southeast corner  
of Cotton Lane and Olive Ave. in Waddell, AZ. This is  
described as part of the Nw/4 of the Nw/4 Sec.36 3N 2W.

My position on the installation of these monster  
utility poles along Olive Ave. is negative. Certainly, it  
would not only be an ugly adjunct to my property, but might  
necessitate confiscating some of my acreage and destroying the  
integrity of my home lot.

Irrespective of my personal concerns, there are  
other disadvantages to the Olive Ave. route and other  
options to consider;

1.- Olive Ave. is being thought of as being a  
Parkway to the White Tanks Mountain Park. Huge power poles  
would not be conducive "Parkway scenery". Why not go up Perry-  
ville road to the destination, eliminating the East and West  
turns from 303? There is very little environmental impact  
that way and less expense.

2.- Use 303 but go West on Peoria Ave.

I realize, no matter, some one will object.

There are more objections, expenses on Olive.  
Use the other options.  
Or-another consideration - "go underground".

Sincerely,

Warren M. Guard
