ss:

Steven Goodman, being duly sworn, deposes and says:

1. I am the Project Manager of Arizona Public Service Company's West Valley South Transmission Project.

2. The West Valley South Proposed system option estimated cost is \$47.2 million.

3. The Arizona Power Plant and Transmission Line Siting Committee modified the Proposed system option by terminating the transmission line at the intersection of Olive Avenue and the Loop 303. The TS2 substation was moved from its proposed location north of Olive along the Beardsley Canal to the northwest corner of the intersection of Olive Avenue and the Loop 303. This modification reduces the estimated cost of the West Valley South Project to \$42.6 million because it reduces the length of the Project by 3.5 miles.

DATED this 5th day of November, 2003.
