“However, we may require in future proceedings that AWC should implement additional BMPs as a means of achieving greater conservation in the Company’s services areas.”

AND REPLACE WITH:

“However, we believe it is reasonable to require AWC to address conservation and submit for Commission approval, within 120 days of the effective date of this Decision, additional Best Management Practices (“BMP’s”) (as outlined in ADWR’s Modified Non-Per Capita Conservation Program). AWC should submit BMPs for their systems as follows: for the Superstition and Casa Grande systems AWC shall submit 10 BMPs for each system; for the Coolidge, Lakeside, Overgaard and Sedona systems, AWC shall submit 10 BMPs for each system; for the Bisbee, Sierra Vista, San Manuel, Oracle, Miami, White Tank, Pinewood and Rimrock systems, AWC shall submit five BMPs for each system; for the Stanfield, Winkelman and Ajo systems, AWC shall submit three BMPs for each system. Where systems may be consolidated, AWC shall apply the higher BMP submission for the consolidated system. A maximum of two of these BMP’s may come from the “Public awareness/PR or Education and Training” categories of the BMP’s. AWC may request cost recovery of actual costs associated with the BMPs implemented, in its next rate case.”
