RE: ADEQ Compliance Status Report
W-02105A-07-0510 Decision 70837

Here is the ADEQ compliance report due for the month of July. We are currently in compliance with ADEQ. We have installed 4 new meters in an ongoing effort to reduce our water loss per the directives of ADEQ and the ACC. There has been a delay in new meter installations due to being short-handed in the field. We recently hired a new field operator to correct this situation.

Any additional information you need, please contact me anytime.
