Subject: GLOBAL WATER - INCREASE IN MARICOPA CITY

ORIGINAL

Dear Mr. Pierce,

With the price of our homes going down and the economy is in a bad shape, the increase in Global water fees will impact our community and many of us will not be able to afford to pay the water bill. If this increase is granted to Global water it will have a devastating effect on Maricopa community and its residence.

Please deny Global Water their water increase for the sake of this community because also our Home association will also increase drastically.

Very truly yours,

Beth Go

Please, please if this planned increase is allowed to happen it will kill our little town . We are already struggling with foreclosures and lack of businesses. Letting Global water up their rates as high as they are proposing will keep every last business that is thinking of opening in maricopa from coming here. Already our rents are higher than anywhere else in Pinal County. To add the water issue to our city will turn it into a ghost town. We have the highest rate of foreclosure and vacant houses anywhere in the State. Global water is currently making a great profit and allowing them to raise the rates exorbitantly is beyond words. Yes every company is allowed to profit but, what they are proposing is highway robbery.

The idea that raising reclaimed water from 33cents to 2.00 is unbelievable. A 10% increase would be understandable but good grief. That is completely unreasonable.

Subject: Global Water Case #'s 09-0079 or 09-0080

Good Afternoon Gary,

I live in Maricopa, AZ specifically in the Alterra Sub-Division. I am writing this email out of concern over Global Water's proposed rate increase. This is not something our community can afford right now given the economic environment in our state and nation right now. Even a small increase, I am afraid, will push many people already on the cusp of foreclosure over the edge. Our neighborhood and town is on the precipice right now and we need your help to make sure this doesn't happen. Please know, I am a capitalist and have no problems with a corporation such as Global Water earning a profit, however at this time this is a dangerous proposal. We as a community have tightened our belt, and I urge Global Water to do the same right now and reexamine their proposed rate hike until such time that their customers would be in a better position to absorb this cost. Now is not the time.

Thank you for taking the time to read my email. Please feel free to contact me if you have any questions or concerns.

PLEASE STOP THIS NOW. THE TAX PAYING PEOPLE CANNOT TAKE ANYMORE GOUGING.

MY TAXES WENT UP SO HIGH ALREADY, CAUSING MY MORTGAGE TO INCREASE DRAMATICALLY.

WE THE TAXPAYERS ARE PAYING 11 CENTS ON THE DOLLAR ALREADY HERE IN MARICOPA.

MY HOA AT LEAST TRIED TO SAVE WATER BY REMOVING ARE WATER FOUNTAIN AND DOING CUTBACKS. IT SEEMS THAT THE MORE WE CONSERVE THE MORE YOU WANT.

PEOPLE ARE LOSING JOBS OR TAKING PAYCUTS TO KEEP THEM.

PEOPLE ARE LOSING THEIR HOMES LEFT AND RIGHT. THESE PEOPLE HAVE CHILDREN, ELDERLY WHO LIVE ON SOCIAL SECURITY.

IS YOUR COMPANY BROKE? ARE YOU IN THE RED? I HIGHLY DOUBT IT.

IF YOU ARE IN FINANCIAL TROUBLE, PROVE IT TO THE PEOPLE. PROVE YOU HAVE TO HAVE AN INCREASE TO CONTINUE IN BUSINESS OR LET US BE,

MAYBE YOU COULD WAIT TILL ECONOMIC TIMES IMPROVE THEN THE PEOPLE WOULDN'T BE SO UPSET.

DON'T ASK FOR SO MUCH AND MAYBE SOMEHOW WE CAN BUDGET THE INCREASE.

WHAT YOUR COMPANY IS ASKING FOR IS OUTRAGEOUS. EVEN THE JUDGES SUGGESTION WAS UNBELIEVEABLE.

ITS VOTING TIME I WILL REMEMBER THESE REQUESTS AND NAMES, ESPECIALLY JUDGES NAMES.

I HAVE BEEN TO YOUR BUILDING AND IT IS PLENTY NICE. MAYBE YOU COULD MAKE CUTS LIKE THE REST OF US HAVE TO.

THIS WILL CAUSE PEOPLE TO MOVE AND THEN WHERE WILL YOU BE.

LISTEN TO US, WE CANT TAKE ANYMORE.

I am writing to let you know my concern regarding the proposed Global Water increase. This is a further hardship placed on homeowners in Maricopa who are already struggling to meet the high cost of utilities here. This will make it even more difficult for people to remain in this community and, worse, will drive people away from purchasing a home in Maricopa.

Please do not allow this increase.

Dear Mr. Pierce;

Re: Case Number 09-0079 or 09-00800 Global Water

This letter is in regards to the Global Water increase. My husband and I can not believe that this corporation expects additional funds from the Maricopa residents during this horrible economy. We live alone and have mostly desert landscaping and we have never had such excessive water bills in all of our years in Arizona, our bills average \$105.00 per month. At this time we are selling our home in order to avoid the high cost of living within this town. If we would have known how outrageous the utilities are our here, we never would have purchased our home. Therefore, we would appreciate the denial of this increase for the residents of Maricopa.

If you have any questions, please feel free to contact us at

Sincerely,

Donald & Kim Helmlinger

Dear Commissioners, As a resident of Maricopa, AZ for the last four years and also having a rental home in Maricopa, We are very much concerned about the proposed hike in water rates as outlined in case numbers 09-0079 and 09-00800. It is not only the individual water hikes but also the exorbitant costs that must be borne by HOAs (meaning the property owners) as concerns recycled water if the rates are approved. We very much appreciate your consideration in this matter. especially with the current economic situation we are in. Thank you. John and Connie Hancock, Maricopa, AZ

Subject: Water rates for Maricopa, AZ

Dear Commissioners,

I am writing to ask you to please not approve Global Water's request to increase rates for the city of Maricopa. My understanding is that Maricopa's rates are already higher than those for Chandler, and if this happens, will be higher than the average charged for reclaimed water. Things are already tight for us and for many residents in Maricopa. We are trying to keep as many good residents as possible, as so many are leaving. Please do not add to our burden with higher rates.

Sincerely,

John and Stephanie Lovett
