Mr. William A. Mundell, Chairman  
Arizona Corporation Commission  
1200 West Washington Street  
Phoenix, Arizona 85007

Dear Mr. Mundell,

Pinal County has stated on public record that we prefer to have developing areas, where multiple major subdivisions are planned, serviced by large well-financed and viable regional water and sewer companies.

Therefore, to maintain consistency with our County policy, I am requesting that both Bella Vista Farms and Arizona Farms subdivisions be placed in the CC&N's of Johnson Utilities. We feel this will ensure the many different developers, who are awaiting your decision, that both sewer and water service will remain viable into the distant future.

If you have any questions, regarding Pinal County's position on this matter, Dr. Stanley D. Griffis, County Manager, will be attending the hearing on 28 Aug 01.

Sincerely,

Sandie Smith, Member  
Pinal County Board of Supervisors  
District II
