RE: Docket No. SW-04210A-0392

Customer is opposed to the increase requested by the Company. Per customer, an increase of \$11.60 a month is ridiculous. Customer states that his only source of income is his Social Security income and he did not get an increase in his social security benefit this year due to the president's indication of there not being an inflation in the cost of living. Customer states that his property values in his area have decreased between 20-25% within the past 3 years, so residents in this area are already facing difficult times and should not have to be burdened by now facing an increase in wastewater rates.
