To Bradley Morton

Please see that the following opinion gets to the proper department. Thank you.

Subject: The proposed rate increase for the Links at Coyote Wash Utilities, LLC from \$30.00 to \$41.60.

As residents of Coyte Wash we find the proposed rate of \$41.60 a totally unacceptable increase for the sewer charge. This is a 38.7% increase and there is no way that such a high increase is acceptable or should be imposed upon the residents. There has not been increases for the past two years of the Social Security and many of the retirement funds have decreased. This community has a lot of retired residents on fixed incomes. The residents that are working have not seen great increases in their salaries and a 38.7% increase is totally out of line. We can appreciate the reasoning for a rate increase, but 10% is more realistic and in line with the depressed economy at this time.

We would also like to suggest that a public hearing regarding the increase be scheduled somewhere and notification be given to all the residents of the Coyote Wash Community.

Thank You,  
Bill and Marianna Freeman
