Nature of Complaint:

(Docket No. W-02500A-10-0382)

Customer is upset as only three years ago this company came before the Arizona Corporation Commission ("ACC") to ask for and received a 100% rate increase. Now, this company is coming back to ask for a 53% rate increase? Customers are currently paying about five times more than customers of nearby water company water rates. With this 53% proposed rate increase this will only increase the difference between the rates being charged by neighboring water companies and what Goodman is seeking to charge.

Please do not vote for this huge rate increase as this is not fair especially during these tough economic times.
