President

DOCKETED BY *DM*

**Re:** Hualapai Valley Solar Project  
Docket Number L-00000NN-09-0541-00151

**Date:** October 18, 2010

The Arizona Chapter Associated General Contractors (AGC) is Arizona's oldest statewide construction association that represents companies involved in projects such as the Hualapai Valley Solar Project near Kingman in Mohave County.

Over that last few years the construction industry has been hit hard by the economic downturn. AGC believes in the economic benefits of the project to the state of Arizona, including the estimated 1,500 construction jobs that will be created during its 3-year construction period. Therefore, the Arizona Chapter AGC supports this project and encourages the Arizona Corporation Commissioners to vote in favor of the Certificate of Environmental Compatibility authorizing construction.

Thank you very much for your support.
