To: Commissioner Paul Newman  
From: Raymond S. Montoya  
Business Manager Local Union 383

Subject: HVS Project

Local Union 383 believes in the economic benefits to the state of Arizona of the Hualapai Valley Solar Project near Kingman in Mohave County, including the estimated 1,500 construction jobs that will be created during its 3-year construction period. We, along with our membership of approximately 1,500 members in the construction field, support this Project and encourage the Arizona Corporation Commissioners to vote in FAVOR of the Hualapai Valley Solar Project.
