October 18, 2010

Dear Commissioners:

The receipt of your letter informing us of the application for a rate increase for out sewer service (Links at Coyote Wash Utilities, LLC) came as a complete shock to the residents of Coyote Wash. When we agreed to pay the outrageous amount of \$30.00 per month, it was with the express understanding that the rate would **NEVER** be increased.

The majority of the residents of Coyote Wash form a community of senior citizens with fixed incomes. Many have incomes that have not increased with the cost of living. We are receiving less and paying more for our day to day expenses. Our health insurance charges are rising just as our health needs become greater. Our home values have decreased with today's economic conditions and we expect to see little relief from our financial woes in the near future.

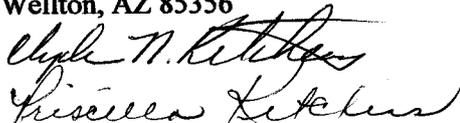

We have become accustomed to slowly rising expenses, but a raise of 38.6% is totally unacceptable.

The company's claim that the rates should be increased due to low growth rates is equivalent to saying, "You are using less so we need to charge you more." I cannot imagine an electric company or a gas company making such a ludicrous statement. Services have not increased nor have they improved. The pond which acts as a reservoir for the "reclaimed" water often smell, and the company plans on using it for hundreds of new buildings in the future. We, as a community, have long been concerned about this situation. Perhaps we would be more understanding of a small rise in the rates if the service was even acceptable.

We respectfully ask the Commission to reject this application and stop the inappropriate profit taking by Pivotal Utilities.

Sincerely,

Clyde and Priscilla Kitchens

I am a concerned homeowner who does not want to see my water bill increase more. I understand that already, Eagle Crest Ranch pays more than most of Tucson for the same amount & quality of water. If our water bill increases, we will not be able to pay for a small lawn for our young children - something we bought this home planning to do. We also look to sell our home in the next 5-8 years and realize such high water rates will be a deterrent to our buyers. Please vote no on this increase.

As we investigated the process of water rate increases, we were told "it's a done deal, petitions and letter campaigns don't work - only lawyers can make a difference." Well, our ECR community cannot afford a lawyer and we certainly can't afford the proposed increase by Goodman. We implore you to consider the facts: we are in a recession, our home values have plummeted, and many of our residents are working 2 jobs, or have lost their jobs, are concerned about the future or have had to dip into their savings. Our nearby water companies are not gouging their customers. Goodman Water "foolishly overbuilt" during a devastating downturn in our economy and they expect ~~our~~ 650 homes to carry the burden and give him 6 times the profit as last year. Did you ask for 6 times the "profit" you made last year? It's laughable except for the dangerous precedence that we see in the AZCC passing every request through. ^{Step 4} AZCC are elected commissioners to be stewards of the utilities for AZ citizens. AZCC, please do your job!
