ARIZONA CORPORATION COMMISSION
DOCKET CONTROL

Dear Commissioner Kennedy,

We wanted to express our gratitude for your thoughtful consideration and "yes" vote for the amendment yesterday requiring Hualapai Valley Solar to cool their operations without groundwater. Experiencing the vote in person was truly an astounding experience!

Environmental protection is particularly important to us, and this ruling sends a clear message that water is a finite resource that needs to be conserved. The ultimate success of renewable energy in Arizona may depend on rulings such as that which you participated in yesterday.

Ms. Kennedy - My husband and I want to thank you so much for helping to save our ground water. We attended many of the meetings, with numerous other families, but our concerns fell on deaf ears. It's so nice to know there are others who will help to protect this precious resource. Please put my letter in Docket # 09-0541-00151.

Again, many, many families appreciate what you, Kristin Maye, and Bob Stump did for the people in Mohave County.
