On March 17, 2009, the Company filed an application seeking Commission approval to secure long-term financing from the Water Infrastructure Financing Authority of Arizona (WIFA) in the amount of \$280,042 to pay for the costs of an arsenic remediation system which will enable the Company to provide water which meets the requirements of the ADEQ and EPA.

On July 9, 2009, the Commission issued Decision No. 71235 approving the Company's request to secure long-term financing from WIFA.

On October 19, 2010, the Commission authorized the Company to implement an Arsenic Remediation Surcharge Mechanism to repay the WIFA loan.

The newly approved surcharge will add \$13.23 to the monthly residential customer bill for a customer with a 5/8" x 3/4" meter.

The new surcharge will become effective with all services on and after November 1, 2010.
