Dear Sir:

Enclosed for filing are an original and thirteen (13) copies of A.C.C. Tariff No. 16 of SBC Long Distance, LLC, d/b/a SBC Long Distance d/b/a AT&T Long Distance. The tariff pages have an issue date of November 3, 2010 and an effective date of December 6, 2010. The purpose of this filing is to change the availability of PremierSERV<sup>SM</sup> Frame Relay Service (NFR) and PremierSERV<sup>SM</sup> ATM Service (NATM). Customers have been notified of this changes via letter.

So that our records will be complete, I would appreciate it if you would please date-stamp the extra copy of this filing and mail it in the envelope provided. If there are any questions regarding this filing, please contact me, Donna Daniele, 3032 Mars Hill Street, Modesto, California 95355. I may be reached via telephone at (209) 551-2571 or via email at dg1612@att.com.

Thank you for your assistance in this matter.

Yours truly,

Donna M. Daniele

Interexchange Service Tariff

SECTION 5 – DESCRIPTION OF SPECIALIZED COMMUNICATIONS SERVICES

5.2 PremierSERV<sup>SM</sup> Frame Relay Service (NFR) and PremierSERV<sup>SM</sup> ATM Service (NATM)

AVAILABILITY

Effective January 14, 2011, PremierSERV<sup>SM</sup> Frame Relay Service (NFR) and PremierSERV<sup>SM</sup> ATM Service (NATM) defined in Section 5.2, Section 6.2, Section 7.5 through Section 7.7 and Pricelist Section 2.2, Section 2.6 and Section 3.4 of this Tariff will no longer be available to new Customers. Existing term plan Customers may add, move, remove or change lines and/or locations for the duration of their current term plan agreement. The Company will support one extension of an existing contract past its current term for twelve (12) months, provided the extension is signed on or before December 31, 2012. Existing customers who do not extend an existing contract will continue with this service on a month-to-month basis until December 31, 2014.

5.2.1 Description

PremierSERV<sup>SM</sup> Frame Relay Service is a public, metropolitan, and wide-area data Service that provides high throughput and low delay. It utilizes advanced packet switching technology and highly reliable digital transmission facilities to provide the performance of leased lines and the flexibility and connectivity features of Local Area Networks (LANs) in an efficient, economical data delivery service.

PremierSERV<sup>SM</sup> National Asynchronous Transfer Mode (NATM) Service is a high-speed, packet switched transport Service that combines disparate applications, from separate locations, using a common network access device and physical network connection. PremierSERV<sup>SM</sup> ATM Service can allow management of a single network that is easier and less expensive than managing multiple networks. PremierSERV<sup>SM</sup> ATM Service uses multiple connections over a single line and reduces the number of physical interfaces required.

The Company's PremierSERV<sup>SM</sup> Frame Relay and PremierSERV<sup>SM</sup> ATM products combine long distance components of the Company-Provided network.

(A) Both Services, each comprised of three components, allow Customer-compatible applications and/or equipment to connect to the Company-Provided network. The three components are Ports, Access, and PVCs.

- .1 Ports allow connectivity to the Company-Provided network.
- .2 The Access component is available with each Port.

SECTION 7 – MISCELLANEOUS CHARGES AND INFORMATION

7.6 PremierSERV<sup>SM</sup> Frame Relay Service Order Cancellation Charge

**AVAILABILITY**

Effective January 14, 2011, PremierSERV<sup>SM</sup> Frame Relay Service (NFR) and PremierSERV<sup>SM</sup> ATM Service (NATM) defined in Section 5.2, Section 6.2, Section 6.6, Section 7.5 through Section 7.7 and Pricelist Section 2.2, Section 2.6 and Section 3.4 of this Tariff will no longer be available to new Customers. Existing term plan Customers may add, move, remove or change lines and/or locations for the duration of their current term plan agreement. The Company will support one extension of an existing contract past its current term for twelve (12) months, provided the extension is signed on or before December 31, 2012. Existing customers who do not extend an existing contract will continue with this service on a month-to-month basis until December 31, 2014.

If Customer cancels an order for Service more than three (3) business days after due date has been communicated and before Service is available for use, a Service Order Cancellation Charge (“Cancellation Charge”) applies. The Cancellation Charge is listed in the Chart in Section 7.5 of this Tariff. This Cancellation Charge will apply per Service Order. For Service Orders cancelled three (3) or fewer business days before the Service due date, the request will be treated as a disconnect, and will include applicable termination charges.

SECTION 7 – MISCELLANEOUS CHARGES AND INFORMATION

7.7 PremierSERV<sup>SM</sup> Frame Relay Service Order Change Charge (SOCC)

AVAILABILITY

Effective January 14, 2011, PremierSERV<sup>SM</sup> Frame Relay Service (NFR) and PremierSERV<sup>SM</sup> ATM Service (NATM) defined in Section 5.2, Section 6.2, Section 6.6, Section 7.5 through Section 7.7 and Pricelist Section 2.2, Section 2.6 and Section 3.4 of this Tariff will no longer be available to new Customers. Existing term plan Customers may add, move, remove or change lines and/or locations for the duration of their current term plan agreement. The Company will support one extension of an existing contract past its current term for twelve (12) months, provided the extension is signed on or before December 31, 2012. Existing customers who do not extend an existing contract will continue with this service on a month-to-month basis until December 31, 2014.

7.7.1 General

The SOCC may apply to Service that has been ordered but not installed and accepted by Customer and to Service that has been ordered and installed and accepted by Customer. Customer will be notified whether the SOCC will apply. The SOCC is listed in the chart in Section 7.5 of this Tariff.

7.7.2 Change in Service Before Installation and Acceptance by Customer

- (A) If made at least three (3) business days before Service due date, no charge applies for a Customer's request to change Service, if re-engineering is not required. For example, no charge applies in a Service Order made to change the length of a term plan or for administrative purposes such as a change of name or change in billing address, contact name, or contact telephone number.
- (B) Unless otherwise indicated in this Tariff, the SOCC applies when Services are re-engineered. Examples of changes which require re-engineering include but are not limited to:
  - .1 Changes in serving Wire Center, Port speed, Port type, transmission speed.
  - .2 Customer requests a change of location or address in one or both of the original endpoints before installation and acceptance of Service.

7.7.3 Service Due Date Extensions

Requests to extend a Service due date will not incur a SOCC, but must be placed at least three (3) business days before the scheduled Service due date. Requests to extend a due date will be limited to a maximum of thirty (30) calendar days. If a due date more than thirty (30) calendar days beyond the originally scheduled Service due date is required, the Service Order will be cancelled and a new order for Service must be placed.
