APPLICATION FOR INTERVENTION

Pursuant to Ariz. Admin. Code R14-3-105 of the Rules of Practice and Procedure of the Arizona Corporation Commission ("Commission"), and the Hearing Officer's Procedural Order entered May 25, 1999, APS Energy Services Company, Inc. ("APS Energy Services") hereby applies for leave to intervene out-of-time in the above-captioned docket.

APS Energy Services is a subsidiary of Pinnacle West Capital Corporation and is certificated to market and sell power and related services in Arizona as an Electric Service Provider. APS Energy Services is also authorized to market and sell these products and services in the service area of Arizona Public Service Company when such service area has been opened by the Commission to competition.

1 APS Energy Services may be directly and substantially affected by the proceeding in
2 this docket because, among other things, APS Energy Services has been certificated by the
3 Commission to compete in the service territory of Arizona Public Service Company. Accordingly,
4 the issues addressed in this docket relating to Arizona Public Service Company will or could affect
5 the marketplace in which APS Energy Services competes.

6 APS Energy Services did not file for intervention earlier because it believed that the
7 discovery conducted in this proceeding would be publicly available. APS Energy Services found
8 out just this week that various parties to this docket (including APS) would not share non-
9 confidential discovery material unless APS Energy Services became an intervenor herein. APS
10 Energy Services further notes that New West Energy was recently granted late-filed intervention
11 herein.

12 APS Energy Services's intervention will not unduly broaden the issues of this
13 proceeding.

14 The name, mailing address and telephone number of the persons upon whom service
15 of all pleadings, motions and other documentation is to be made is:
