**ARIZONA CORPORATION COMMISSION
STAFF'S SECOND SET OF DATA REQUESTS TO
TCO NETWORK, INC. ("TCO")
Docket No. T-20552A-07-0537
November 11, 2010**

JFB2-7. Please indicate why you believe that your range of rates and charges is just and reasonable using a competitive market analysis. Your analysis should contain publicly available examples of tariff rates and charges charged by the incumbent and other carriers for similar services. Note: current rates and charges are your maximum rates and charges unless you indentify and list your maximum rates and charges separately from your current rates and charges. Also, maximum rates and charges cannot be greater than three times your current rates and charges. Please provide the actual tariff pages and use the attached matrix format to show your maximum or current proposed tariff rates and charges. If needed, please change the nomenclature of Product/Services and use your proposed tariff name of the products/services you will be providing in Arizona. Then show each competitor's maximum or current tariff rates and charges for comparable telecommunications services. At a minimum, show tariff information of Qwest or Cox and two other competitors in Arizona. The material you provide should enable Staff to determine whether the maximum or current tariff rates and charges of the Applicant are just and reasonable compared to other competitors offering the same or similar telecommunications services in Arizona. *(See Attachments A & B - By Competitor)*
(For the Applicant's ease, an excel file has been provided by Staff).

RESPONSE: Please see UPDATED Attachment B matrix to include Rate Comparisons as well as Qwest tariff pages. TCO's rates are in line with the range of rates for similar services previously filed by other carriers operating within the State of Arizona.
