Customer Meter Exchange Tariff

Customer Meter Exchange Tariff

Applicable to:

- Global Water – Santa Cruz Water Company;
- Valencia Water Company – Town Division;
- Valencia Water Company – Greater Buckeye Division;
- Water Utility of Greater Tonopah;
- Willow Valley Water Company.

References to Utility means one of the utilities listed above.

Purpose:

The Utility is not responsible for determining the appropriate size meter for use. Residential, commercial/industrial meter sizes are determined by the builder based on pressure and flow requirements and the requirements of the local building authority and fire protection authority. The builder is responsible for determining the appropriate meter size. In some instances, the builder selects larger meters sizes due to pressure (e.g. two-story homes), fire protection (e.g. sprinklers) and irrigation requirements.

The purpose of this Tariff is to provide a mechanism for a homeowner or commercial/industrial user to request that the meter be changed out to a different size.

Homeowner Responsibilities:

The homeowner or commercial/industrial user is required to execute a Meter Exchange Release Form, "Exhibit A", which shall survive the transition and/or sale of the property from the current owner to a new owner.

The owner is required to determine the appropriate size of the meter.

The owner is required to obtain at their own cost all necessary approvals from authorities having jurisdiction, including but not limited to local building authorities, local fire protection agencies, etc.

Any owner (and their successors and assigns) shall hold harmless and release Utility and its affiliated companies together with the employees, agents and assigns of such companies from any responsibility for any direct or collateral damage, losses or operational impacts associated with the meter size change or the size of the meter being inadequate or insufficient for the needs of the owner.

Effective Date: 15 November 2010
Decision No: 71878
Docket No: W-20445A-09-0077 et al.
ACC Approval: _____

Global Water Attn: Regulatory Affairs
21410 N. 19th Ave., Ste. 201
Phoenix, AZ 85027
623.580.9600

The owner is required to reimburse the Utility for the costs associated with the meter change, including: (1) the cost of the new meter and; (2) installation costs in accordance with A.A.C. R14-2-405.B.5. See Utility's Service Line and Meter Installation Charges as shown on the Utility's current rate schedule.

Effective Date: 15 November 2010
Decision No: 71878
Docket No: W-20445A-09-0077 et al.

METER EXCHANGE RELEASE FORM

An owner may request that a meter be changed to a different size. Under the [UTILITY NAME]'s ("Utility") Customer Meter Exchange Tariff, the owner is responsible for determining the appropriate size of meter. In addition, Utility's Customer Meter Exchange Tariff requires the owner to pay Utility for the costs associated with the meter change, including: (1) the cost of the new meter and; (2) the installation costs specified in Utility's Service Line and Meter Installation Charges as shown on the Utility's current rate schedule.

Further, the owner agrees to hold harmless and does release Utility, its affiliated companies together with the employees, agents and assigns of such companies from any responsibility for direct or collateral damage, losses or operational impacts associated with the meter size change or the size of the meter being inadequate or insufficient for the needs of the owner.

This release will survive the transition and/or sale of the property from the current owner to another owner.
