

ORIGINAL
MAYES PROPOSED AMENDMENT NO. 2

0000120124

TIME/DATE PREPARED: 11-18-10

COMPANY: Tucson Electric Power

AGENDA ITEM NO. U-34

DOCKET NO(S). E-01933A-10-0266

OPEN MEETING DATE: 11-22-10

Page 4, line 25, INSERT New Finding of Fact: "The Commission disagrees with Staff that a delay in the implementation of the Company's proposed FIT is warranted. The Commission has conducted multiple workshops on the subject of FITs at Arizona utilities, and is nearing completion of a final FIT Policy Statement. Further, the Company has proposed a modest, capped FIT designed as a pilot program, which will offer the Commission the opportunity to make any changes that may be required in the program and will ensure that the costs do not become prohibitive. We will therefore require TEP to proceed with its proposed FIT, as part of the TEP 2011 Implementation Plan."

Page 22, line 18, DELETE lines 18 through 19.

Page 23, line 3, INSERT New Ordering Paragraph: "IT IS FURTHER ORDERED THAT TEP shall proceed with its proposed FIT, as part of the TEP 2011 Implementation Plan."

Make all conforming changes.
